NATURAL RESOURCES AND CULTURE COMMITTEE'S RECOMMENDATION:

On 7/30/2003, NR&C voted 5 to 0 to approve. (Councilmembers Zucchet, Lewis, Frye, Madaffer, and Inzunza voted yea.)

SUPPORTING INFORMATION:

This request provides for authorization to advertise for bids and award of a contract to the lowest responsible bidder, based on actual low bid submitted, for the Pipeline Rehabilitation in the ROW and Easements Phase C Project.

This contract is the third in a series of MWWD contracts to meet the EPA Administrative Order to rehabilitate sewer pipeline in calendar year 2004.

The purpose of this project is to reduce the overall number of sewer spills, reduce sewer maintenance requirements and extend the life of the sewer system. The project includes sewer pipeline replacement and point repairs, trenchless sewer pipe lining, sealing of service lateral connections to reduce root intrusion, lateral clean-out installation, service lateral rehabilitation, and manhole rehabilitation.

Funding for this project requires the transfer of funds from two unrelated CIP projects, the Brine Management Force Main and Pump Station (CIP-46-191.0) and Miramar Road Trunk Sewer (CIP-46-195.8). The Brine Management Force Main and Pump Station project was postponed indefinitely, and the scope of the Miramar Road Trunk Sewer project was reduced in FY 2004, thereby reducing the projected construction cost.

FISCAL IMPACT:

The total cost of this action is \$9,949,121, and will be phase funded over two fiscal years from Fund 41506, CIP-46-506.0, Pipeline Rehabilitation in the ROW and Easements Phase C.

* ITEM-103: Lease Extension – Carmel Valley Community Service Center.

(Carmel Valley Community Area. District-1.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-433) ADOPTED AS RESOLUTION R-298584

Authorizing the City Manager to execute the First Amendment to Lease Agreement with Piazza Retail L.L.C., for Carmel Valley Community Service Center.

CITY MANAGER SUPPORTING INFORMATION:

City Council Resolution R-287875 dated September 30, 1996 authorized the City Manager to negotiate and execute office space leases in various locations for the implementation of Phase III of the Community Service Centers (CSC) program. The Carmel Valley Community Service Center occupies 1,244 sq. ft. of space at 3840 Valley Center Dr., Suite 602, under a lease agreement executed in accordance with the resolution. This lease was executed with Piazza Retail, LLC, a California limited liability company on March 1, 2000, expired on February 28, 2003, and is currently on holdover. The present monthly rent is \$3,428.78 or \$2.76 per sq. ft., plus operating expenses. The lease includes a provision to extend the term for an additional three years with the stipulation that the minimum monthly rent be increased to 90% of fair market rent upon commencement of the extension. Council action is required to exercise the option to extend the term.

Since the new Carmel Valley Community Center is not expected to be completed until 2005, the CSC program has requested a three-year lease extension through February 28, 2006. Staff conducted a rental survey of similar properties in the area which determined that 90% of fair market rent is \$3,918.60 per month or \$3.15 per sq. ft. The rental range for similar properties was \$3.50 to \$4.40 per sq. ft.

The basic terms and conditions of the extension term are as follows:

Premises - 1,244 sq. ft. of office space

Use - City of San Diego Community Service Center providing City services including police services

Term - Three years, commencing on March 1, 2003 and expiring on February 28, 2006. The lease can be terminated by the City by providing 240-days advance written notice to the lessor.

Rent - \$3,918.60 per month (\$3.15 per sq. ft.) with four percent (4%) annual increases, plus operating expenses consisting of common area maintenance (CAM) fee of \$544 (44¢ per sq. ft.) and management fees of \$157 (13¢ per sq. ft.).

FISCAL IMPACT:

Estimated rent over the course of the extended term, including CAM fees and management fees is as follows: FY 2003 - \$18,541.40; FY2004 - \$56,066.84; FY2005 - \$57,834.60; FY2006 - \$41,095.16 for a total of \$173,538.

CITY MANAGER SUPPORTING INFORMATION:

The First Avenue Bridge over Maple Canyon (Bridge No. 57C-416) was built in 1931 and is a steel truss arch bridge spanning Maple Canyon Open Space. It has been certified a historic structure by the City of San Diego Historical Resources Board and the California Department of Parks and Recreation. The bridge has experienced deterioration due to rusted steel members, spalling of concrete deck and loose rivets. Council Resolution R-284075 previously authorized the preparation of plans, specifications and estimate for the design of an earthquake retrofit project. As the project got underway, the community requested the addition of scope items beyond the seismic retrofit. At this point, project design and environmental documents must be updated to reflect changes in the scope of work, and to comply with environmental and stormwater protection regulations, revised seismic engineering design standards and federal regulations.

T. Y. Lin International will complete the environmental documents and the plans, specifications and estimate for the seismic retrofit, rehabilitation, lead abatement and painting. T. Y. Lin International was chosen in accordance with Council Policy 300-07 and Administrative Regulation 25.60 after interviewing four civil engineering firms provided by the consultant coordinator.

FISCAL IMPACT:

Resolution No. 284075 previously authorized \$327,561 in HBRR funds for the project. This action will add \$133,557 in HBRR funds, Fund 38701, to the project and the remaining funds necessary to execute the agreement of \$251,395.52 is available from Fund 30300. The base fee is \$350,135.63 and, if required, \$34,816.89 is included for additional services for a total of \$384,952.52.

CITY MANAGER SUPPORTING INFORMATION:

The voters of California passed the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002 (Proposition 40) on November 5, 2002. It provides \$70 million for acquisition and development of river parkways, pursuant to Section 78682.2 of the Water Code. Funding can be used for the acquisition and restoration of riparian habitat, riverine aquatic habitat and other lands in close proximity to rivers and streams and for river and stream trail projects. The State Resources Agency has been designated as the lead agency for grant administration of this program. Procedures established by the State Resources Agency require a resolution certifying the approval of the application by the applicant's governing board before submission of the application to the State.

The State of California 2002-2003 budget allocates \$1,000,000 to the Otay River Parkway. While this funding cannot be used for active recreation development, it can be used for river parkway projects as described above. Once the grant is secured, the City of San Diego will design and construct a regional staging area for a trail system in Otay Valley Regional Park. The project will include an entrance road, parking area, restrooms, lighting, interpretive kiosks signage and other related components. The project site is off of Beyer Way, just south of the Otay River. This site is between Main Street and Palm Avenue.

This action is for the grant application only. The actual construction will require further environmental review.

FISCAL IMPACT:

The grant application requests \$1,000,000 for Otay River Parkway. This project is the design and construction of the Otay Valley Regional Park - Beyer Way Staging Area, CIP-29-424.0

Certifying that the City Council has, or will have, prior to commencement of work on this Project, sufficient maintenance funds;

Declaring that the City Council understands the assurances and certification in the application form.

CITY MANAGER SUPPORTING INFORMATION:

The State of California enacted the California Wildlife Protection Act of 1990 which provides funds for grants to local agencies to acquire and/or develop facilities for public recreational and fish and wildlife habitat protection purposes. The State of California Parks and Recreation Department is responsible for program administration.

This request for council action pertains to two grant applications for the following projects: Tecolote Creek Riparian Restoration in Tecolote Canyon Natural Park and San Diego River/Kumeyaay Lake Riparian Restoration in Mission Trails Regional Park. The Tecolote Creek project will remove construction debris dumped in the southern portion of the canyon decades ago. It will also remove non-native plants and restore native vegetation. The other grant proposal will remove non-native aquatic vegetation from Kumeyaay Lake which is clogged with water hyacinth, water primrose and other invasive plants that are harmful to native flora and fauna. These plants also provide a breeding ground for mosquitoes, the primary vector for the West Nile virus and other diseases. Both projects will restore and protect native riparian habitat.

FISCAL IMPACT:

The grant applications request \$60,000 for Tecolote Creek Riparian Restoration and \$45,000 for San Diego River/Kumeyaay Lake Riparian Restoration from the Habitat Conservation Fund. This grant program requires a 50-50 match, either in City staff time, volunteer time or local funds. The total project cost for Tecolote Creek Riparian Restoration is \$128,900, and the total project cost for San Diego River/Kumeyaay Lake Riparian Restoration is \$90,000. If the grants are secured, the City of San Diego will provide a local match of budgeted staff time and volunteer hours for Tecolote Creek Riparian Restoration, and a local match of \$45,000 for San Diego River/Kumeyaay Lake Riparian Restoration from Park and Recreation Grant Match Funding, CIP-20-013.0.

* ITEM-109: Fenton Ranch Access Road – Easement Grant and Abandonment – Adjacent Bandy Canyon Road.

(San Pasqual Community Area. District-5.)

CITY MANAGER’S RECOMMENDATION:

Adopt the following resolution:

(R-2004-335) ADOPTED AS RESOLUTION R-298590

Authorizing an easement deed to be sold by negotiation for \$2,500 to the Justine B. Fenton Irrevocable Trust;

Authorizing the City Manager to execute an easement deed, granting to the Justine B. Fenton Trust, an easement for access;

Authorizing the City Manager to accept a quitclaim deed of the Justine B. Fenton Irrevocable Trust, quitclaiming to the City a road easement;

Declaring that no broker's commission shall be paid by City on the negotiated sale;

Authorizing the City Clerk to deliver both deeds, and certified copy of this resolution to the Real Estate Assets Department for further handling.

CITY MANAGER SUPPORTING INFORMATION:

The Justine Fenton Trust has filed a Tentative Map (TM4979 RPL4) which requires a minor realignment of the access road from the Fenton Ranch residential development to Bandy Canyon Road. In 1992 it acquired an access easement, but the design of the current development necessitates a minor realignment. The subject property is surplus to City's needs.

The transaction will consist of an uneven exchange of property rights. An Easement Deed in favor of the Fenton Trust will allow the development to proceed, and a Quitclaim Deed in favor of the City will convey the Fenton interest in the previously acquired easement. The easement to be granted by the City is 40 feet wide, irregular in shape, and contains approximately 9,356 square feet. The easement to be quitclaimed by the Fenton Trust to the City is also 40 feet in width, irregular in shape, and contains approximately 7,666 square feet. There is considerable overlap in the easements, and there is a net increase of approximately 1,690 square feet for which the Fenton Trust has agreed to compensate the City. A processing fee of \$400 has been paid.

City valuation staff has reviewed the proposed transaction and the April 15, 2002 independent fee appraisal by, Ronald D. Ohrmund, updated March 21, 2003 and has concurred with the value of \$390 for the approximately 1,690 feet net difference between the parcel to be granted by the City and the parcel to be quitclaimed to the City. The Fenton Trust has agreed to pay \$2,500 minimum sale amount for the easement.

FISCAL IMPACT:

The amount of \$2,500 will be deposited into Water Department Fund 30246.

* ITEM-110: State of California Natural Communities Conservation Planning Grant Program.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-484) ADOPTED AS RESOLUTION R-298591

Authorizing the City Manager to apply to the Natural Communities Conservation Planning (NCCP) for the Grant for the Marron Valley Fire Management Plan, the Genetic Testing of Fairy Shrimp and Toads, Spring Canyon Vernal Pool Fencing, and the Multiple Species Conservation Program (MSCP) Biological Monitoring Plan Projects;

Authorizing the City Manager to take all necessary actions to secure the Grant and to negotiate and execute all agreements necessary to comply with the NCCP's grant requirements;

Authorizing the City Manager to accept the Grant if it is secured;

Authorizing the City Auditor and Comptroller to establish a special interest-bearing account for the Grant.

CITY MANAGER SUPPORTING INFORMATION:

The City of San Diego is requesting consideration of the following proposals under the State's 2003-2004 Natural Communities Conservation Planning (NCCP) Grant Program. The Multiple Species Conservation Program (MSCP) is the local equivalent of the State's NCCP Program of which the City of San Diego is a participating member. The City of San Diego adopted the MSCP on March 18, 1997 (Council Resolution R-288455). These grants would allow the City to obtain State funding to fulfill tasks related to monitoring and management of land within the MSCP.

The four grant proposals are as follows:

Marron Valley Fire Management Plan: Under this grant, the City of San Diego, the California Department of Forestry and Fire Protection, local fire battalions, and other necessary groups will develop a Fire Management Plan that will address wildlife management and the protection of sensitive biological resources at Marron Valley MSCP Cornerstone Lands. This is a specific management directive set forth in the Marron Valley Management Plan.

Genetic Testing of Fairy Shrimp and Toads: The proposed project would constitute a genetic survey of the endangered San Diego fairy shrimp and rare amphibians (Pacific tree frog, spadefoot toad, and western toad) testing DNA variation. This would augment genetic studies already being conducted under a federally funded grant to identify significant ecological units for development of a citywide Vernal Pool Management Plan.

Spring Canyon Vernal Pool Fencing: In order to reduce impacts to sensitive habitats on City-owned lands in the Spring Canyon/Otay Mesa area, fencing is proposed around the perimeter of vernal pools. Such fencing would protect the vernal pools from off-road vehicles and other impacts.

MSCP Biological Monitoring Plan Revision: The MSCP has conducted five years of monitoring since the adoption of the MSCP. Many shortcomings in the 1996 MSCP Biological Monitoring Plan have been identified through field testing and revision of the document is necessary to ensure that the efficient and scientifically valid monitoring techniques are used.

FISCAL IMPACT:

No fiscal impact. If approved, the City would receive \$207,430.80 in grant funding from the State of California. Matching funds of \$138,111 have been provided by previous funds expended by the Water Department (\$80,000) in FY 2001 and a Federal Grant (\$58,111) in FY 2002.

* ITEM-111: Donations for Phase 2 Construction of the Cortez Hill Family Center (CHFC).

(Cortez Hill Community Area. District-2.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-382) ADOPTED AS RESOLUTION R-298592

Authorizing the City Manager to accept donations in the amount of \$270,000 for Phase 2 construction of the Cortez Hill Family Center (CHFC);

Authorizing the City Auditor and Comptroller to establish an interest bearing fund for donations for the CHFC;

Authorizing the City Auditor and Comptroller to appropriate and expend donated funds for the CHFC, provided that an Auditor's Certificate is furnished demonstrating that funds for such obligations are, or will be, deposited in the City Treasury;

Authorizing the City Manager to enter into an agreement with YWCA to pay for costs associated with Phase 2 construction at the Cortez Hill Family Center, contingent upon the City Auditor and Comptroller certifying availability of funds.

CITY MANAGER SUPPORTING INFORMATION:

The City's Family Shelter, located in the downtown community of Cortez Hill, began services in December 2002. There are 47 units that provide transitional shelter for intact and single-parent families and their children (150 beds). In addition to housing, clients are provided with case management, counseling, employment search support and other critical services to enhance opportunities for these families to establish self-sufficiency by finding employment and permanent housing.

The reconstruction of the shelter is taking place in two phases. Phase 1, which was completed in December 2000, consisted of a complete rehabilitation of the motel exterior, including exterior colorized stucco, new stairs, railings, and some interior tenant improvements to accommodate the need for staff offices. Phase 2, which is scheduled to begin in November 2003 will consist of the design work, construction of a two-story building to house dining room, kitchen, and daycare services and onsite landscaping.

During the construction of Phase 1, neighboring developers generously contributed \$270,000 to the project. Thus far, the City has received \$210,000 from Bosa Construction, Inc., \$10,000 from J. Peter Block, Inc., and \$50,000 from Weingart/Price Foundation. Those funds will be applied to Phase 2.

This action seeks the authority to accept these funds for purposes of improving the family shelter.

CITY MANAGER'S SUPPORTING INFORMATION:

California Health and Safety Code section 11364.7 (effective January 1, 2000) acknowledges the public health threat posed by the sharing of needles and syringes by injection drug users. The Code requires a local jurisdiction to declare a local emergency due to the existence of a critical local public health crisis in order to establish a clean needle and syringe exchange program. ITEM-203: Cost Reimbursement District Agreement Between Torrey Pines Homebuilding Co., LLC and the City of San Diego (Arroyo Sorrento Road Cost Reimbursement District No. 4097).

(Continued from the meeting of October 21, 2003, Item 331 at Councilmember Peters' request, for further review.)

Matter of considering the establishment of a reimbursement district for the financing of certain public improvements within the City, otherwise known as the Arroyo Sorrento Road Cost Reimbursement District No. 4097.

All properties within the described boundaries of the Cost Reimbursement District may be assessed with a lien to pay a fair share portion of the cost of providing such facilities. If, within a 20 year period from the date of forming this district, either a final map is filed, or a building permit is issued for improvements which will ultimately utilize the cost reimbursement district improvements, or if a building permit is issued for improvements valued in excess of \$20,000, the lien would become due and payable. Permits for improvements that are for replacement of existing single-family residences, modifications or additions to existing single family residential structures (such as gazebos, swimming pools, tennis courts, or room additions) shall not be subject to payment of lien. The boundaries of the district are more particularly described by Plat No. 4097, which is on file in the Office of the City Clerk.

All persons desiring to testify with respect to: the necessity of said public improvements, the cost of said public improvements, the benefitted area or amount of the costs eligible to be recovered, may appear and be heard at this hearing.

(Cost Reimbursement District No. 4097 Agreement. Carmel Valley Community Plan Area. District-1.)

NOTE: Hearing open. No testimony taken on 10/21/2003.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-224) CONTINUED TO MONDAY, NOVEMBER 24, 2003

Adoption of a Resolution of Lien of the Council of the City of San Diego approving the Cost Reimbursement Agreement with Torrey Pines Home Building Co., LLC, Plat Number 4097, the Engineer's Report, and the expenditure of \$15,000 for City administrative costs, all relating to the establishment of the Arroyo Sorrento Road Cost Reimbursement District.

SUPPORTING INFORMATION:

Background

In June of 2000, Torrey Pines Homebuilding Co., LLC, submitted an application requesting that the City initiate proceedings for the formation of the Arroyo Sorrento Road Cost Reimbursement District (CRD). The public improvements for which the developer is seeking reimbursement include surface improvements and underground utility construction for Arroyo Sorrento Road, the main access road serving Neighborhoods 8A and 8B of the Carmel Valley Community Plan. Vesting Tentative Map No. 96-7573 required Torrey Pines Homebuilding Co., LLC, to construct Arroyo Sorrento Road as part of their Torrey Pines Estates Subdivision in Carmel Valley Neighborhood 8A.

On September 18, 2000, the City Council authorized the execution of a District Formation Cost Agreement with Torrey Pines Homebuilding Co., LLC. Also on September 18, 2000, the City entered into an agreement with William A. Steen & Associates to perform engineering consultant services for the Cost Reimbursement District. Torrey Pines Homebuilding Co., LLC, is seeking partial reimbursement from owners of other properties in Neighborhood 8B which receive benefit from the road improvements. One of the consultant engineer's responsibilities was to

determine the improvement costs eligible for reimbursement, and the method of spreading those costs to the benefitting property owners. The total estimated cost of the improvements is \$1,375,571.02. The consultant engineer has determined that Torrey Pines Homebuilding Co., LLC, is responsible for \$801,701.75, or approximately 58.3%. The remaining \$573,869.27, or 41.7%, will be spread as liens amongst the benefitting properties, payable upon development of their property.

FISCAL IMPACT:

None. The developer has advanced an additional \$15,000 for City administrative expenses. A total of \$55,500 has been previously authorized for the payment of Engineering Consultant services (\$35,500) and City administrative services (\$20,000).

MOTION BY PETERS TO CONTINUE THIS ITEM TO MONDAY, NOVEMBER 24, 2003, FOR FURTHER REVIEW. Second by Maienschein. Passed by the following vote: Peters-yea, Zucchet-yea, Atkins-yea, Lewis-yea, Maienschein-yea, Frye-yea, Madaffer-not present, Inzunza-yea, Mayor Murphy-yea.

ITEM-204: State Revolving Fund Loan for Earl Thomas Reservoir Replacement.

(See memorandum from Mark Stone dated 5/9/2002. Navajo Community Area. District 7.)

TODAY'S ACTION IS:

Introduce the following ordinance:

(O-2004-53) INTRODUCED, TO BE ADOPTED ON MONDAY,
DECEMBER 1, 2003

Introduction of an Ordinance authorizing the City Manager and Deputy City Manager to apply for, enter into, conduct all negotiations for, execute and comply with all requirements of, the Safe Drinking Water State Revolving Fund Loan (SRF Loan) Contract for the Project, and any amendments thereto, for a loan principal amount not to exceed \$21,525,249 at a 2.5132 percent interest rate, or less;

Authorizing the Water Department Director and Deputy Director to approve Claims for Reimbursement, execute the Budget and Expenditure Summaries, and certify project completion by signing the Certification of Project Completion under the Safe Drinking Water State Revolving Fund program;

Designating the Net System Revenues of the Water Utility Fund pledged under the Master Installment Agreement, as heretofore amended and supplemented as provided in Article B of the SRF Loan Contract, as the dedicated source of funds for repayment of the SRF Loan;

Authorizing the City Auditor and Comptroller to establish all funds necessary for execution of the SRF Loan Contract;

Declaring that the City agrees to increase rates as appropriate whenever necessary to satisfy debt service over the term of the SRF Loan Contract.

NATURAL RESOURCES AND CULTURE COMMITTEE'S RECOMMENDATION:

On 5/15/2002, NR&C voted 4 to 0 to approve. (Councilmembers Peters, Wear, Frye, and Madaffer voted yea. Councilmember Inzunza not present.)

SUPPORTING INFORMATION:

On October 22, 2001, the City Council adopted Resolution R-295592, which authorized the City Manager to apply to the Department of Health Services for a Safe Drinking Water State Revolving Fund Loan to assist in funding the Alvarado Water Treatment Plant, Earl Thomas Reservoir Replacement Project (CIP-73-261.4). The application was submitted to the Department of Health Services and was approved for a 20-year loan at a 2.5132 percent interest rate, in the amount of \$21,525,249. The interest rate for the State Revolving Fund (SRF) Loan is significantly below the Water Department's current bonding rate of 5.5 to 5.75%. Thus, the use of the SDWSRF Loan Program will reduce the City's cost of borrowing for this project.

As a condition of making such loans, the Department of Water Resources requires the recipient to certify a dedicated source of revenue for repayment of the loan. It is proposed that the designated source of funds for repayment of the above SRF loan will be the Net System Revenues of the Water Utility Fund (as defined in the Master Installment Purchase Agreement, dated as of August 1, 1998, between the City and the San Diego Facilities and Equipment Leasing Corporation). This dedicated source of funds shall remain so until such time as the loans are fully repaid, unless change of such dedication is approved by the DWR.

The recipient is also required to provide a resolution designating an individual with legal authority to sign the SDWSRF contract, conduct all negotiations, execute and submit all documents required to fund the project under the State Revolving Fund Loan Program. Consistent with Resolution R-295592, it is proposed that the City Manager act on behalf of the City to sign the contract upon issuance of the DWR, and to designate the Water Department Director to submit all required documentation for this loan.

This issue was reviewed and approved by the NR&C Committee on May 15th, 2002 (Item-2C).

FISCAL IMPACT:

Loan receipts of \$21,525,249 will be deposited into the Water Revenue Fund 41500 to partially fund the Alvarado Water Treatment Plant, Earl Thomas Reservoir Replacement Project. The estimated cost of the project is \$32,145,536.
