(2) Ten percent of the registered voters of the City at the last general City election, which would be sufficient to qualify the initiative petition to be directly submitted to a vote of the people.

(1) The random sample of signatures to be verified shall be drawn so that every signature filed with the Clerk shall be given an equal opportunity to be included in the sample. The random sampling shall include an examination of at least three percent of the signatures.

(2) If the statistical sampling shows that the number of valid signatures is within 95 to 110 percent of the number of signatures of qualified voters needed to declare the petition sufficient, the Clerk shall, within 60 business days from the date of the filing of the petition, examine and verify the signatures filed.

(3) If the Clerk determines, prior to completing the examination of each signature filed, that the petition is signed by the requisite number of qualified voters to declare the petition sufficient, the Clerk may terminate the verification of the remaining unverified signatures.

(4) If the statistical sampling shows that the number of valid signatures falls below 95 percent of the number of signatures of qualified voters needed to declare the petition sufficient, the petition will be found insufficient and no further action shall be taken. A supplemental petition may not be filed. The failure to secure sufficient signatures on a given petition shall not preclude the filing of a new petition on the same subject.

(c) To determine the sufficiency or insufficiency of an initiative petition, the Clerk shall only count valid signatures.

(d) If the circulator’s affidavit of authenticity for any given initiative petition section has not been signed by the circulator, the signatures on that petition section shall be invalid.
