Article 3: Environmental Health Quality Controls  
(Retitled from “Water Quality Controls” on 3-8-1994 by O-18047 N.S.)

Division 3: Stormwater Management and Discharge Control  
(“Stormwater Management and Discharge Control” added 9–27–1993 by O–17988 N.S.)

§43.0301 Purpose and Intent

The purposes of this Division are to restore and maintain the water quality of receiving waters and further ensure the health, safety and general welfare of the citizens of the City of San Diego by effectively prohibiting non–storm water discharges, including spills, dumping, and disposal of materials other than storm water to the MS4, and by reducing pollutants in discharges from the MS4 to receiving waters to the maximum extent practicable, in a manner pursuant to and consistent with the Federal Water Pollution Control Act (Clean Water Act, 33 U.S.C. section 1251 et seq.) and the MS4 permit.

(Amended 9-10-2001 by O–18975 N.S.)  
(Amended 7-16-2015 by O-20516 N.S.; effective 8-15-2015.)

§43.0302 Definitions

For purposes of this Division, defined terms appear in italics. The following definitions apply in this Division:

Best management practices (BMPs) means schedules of activities, prohibitions of practices, general good housekeeping practices, pollution prevention and educational practices, maintenance procedures, and other management practices to prevent or reduce to the maximum extent practicable the discharge of pollutants directly or indirectly to receiving waters. BMPs also include treatment requirements, operating procedures, and practices to control plant site runoff, spillage or leaks, sludge or waste disposal, and drainage from raw materials storage.

Employee training program means a documented curriculum that an employer may be required to implement pursuant to a storm water pollution prevention plan for the purpose of educating its employees on methods of reducing the discharge of pollutants to the MS4.

Enforcement agency means the City of San Diego or its authorized agents charged with ensuring compliance with this Division.

Enforcement official means the City Manager or his designee or any agent of the City authorized to enforce compliance with this Division.
General storm water NPDES permit means any NPDES permit issued by the State Water Resources Control Board in accordance with 40 Code of Federal Regulations section 122.28.

Groundwater means subsurface water that occurs beneath the water table in soils and geologic formations that are fully saturated.

Illicit connection means any man-made physical connection to the MS4 that conveys an illicit discharge.

Illicit discharge means any discharge to the MS4 that is not composed entirely of storm water, except discharges allowed under an NPDES permit and discharges conditionally allowed under the MS4 permit, as set forth in San Diego Municipal Code section 43.0305. Illicit discharge includes irrigation runoff discharged to the MS4.

Jurisdictional runoff management program means a written description of the specific runoff management measures and programs, including BMPs, that the City will implement to comply with the MS4 permit and ensure that storm water pollutant discharges in runoff are reduced to the maximum extent practicable and do not cause or contribute to a violation of water quality standards. Amendments to the jurisdictional runoff management program shall be approved by the City Manager. A copy of the currently applicable jurisdictional runoff management program is kept on file with the City Clerk.

Maximum extent practicable means the technology-based standard established by Congress in Clean Water Act section 402(p)(3)(B)(iii) for storm water that operators of MS4s must meet. Maximum extent practicable generally emphasizes pollution prevention and source control BMPs primarily in combination with treatment methods serving as a backup.

Municipal separate storm sewer system (MS4) means a conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains): (i) owned or operated by the City; (ii) designated or used for collecting or conveying storm water; (iii) which is not a combined sewer; and (iv) which is not part of the Publicly Owned Treatment Works as defined at 40 Code of Federal Regulations section 122.26.

Municipal separate storm sewer system permit (MS4 permit) means Regional Water Quality Control Board Order No. R9-2013-0001, NPDES No. CAS0109266, as may be amended or replaced by a subsequent order.

National Pollutant Discharge Elimination System Permit (NPDES permit) means a permit issued by the Regional Water Quality Control Board or the State Water Resources Control Board pursuant to Division 7 of the California Water Code to control discharges from point sources to receiving waters.
Non-storm water discharge means any discharge to or from the MS4 that is not entirely composed of storm water, including illicit discharges and discharges allowed under an NPDES permit.

Notice of violation has the same meaning as in San Diego Municipal Code section 11.0210.

Pollutant means any agent introduced to the MS4 that may cause or contribute to the degradation of water quality such that public health, the environment, or beneficial uses of receiving waters may be affected. Pollutants include solid waste, sewage, garbage, medical waste, wrecked or discarded equipment, radioactive materials, dredged spoil, rock, sand, industrial waste, any organic or inorganic contaminant, fecal coliform, fecal streptococcus, enterococcus, volatile organic surfactants, oil and grease, petroleum hydrocarbons, total organic lead, copper, chromium, cadmium, silver, nickel, zinc, cyanides, phenols, and biocides.

Premises means any building, lot parcel, land or portion of land whether improved or unimproved.

Public nuisance has the same meaning as in San Diego Municipal Code section 11.0210.

Receiving waters means waters of the United States, as defined under the Clean Water Act. Receiving waters include surface bodies of water that serve as discharge points for the MS4, such as creeks, rivers, reservoirs, lakes, lagoons, estuaries, harbors, bays and the Pacific Ocean.

Regional Water Quality Control Board means the California Regional Water Quality Control Board, San Diego Region.

Responsible person has the same meaning as in San Diego Municipal Code section 11.0210.

Storm water means storm water runoff, snow melt runoff, and surface runoff and drainage resulting from precipitation events.

Storm water pollution prevention plan means a document that describes the BMPs to be implemented by the owner or operator to eliminate or reduce to the maximum extent practicable discharges of pollutants to the MS4.

(Amended 9-10-2001 by O–18975 N.S.)
(Amended 7-16-2015 by O-20516 N.S.; effective 8-15-2015.)
§43.0303 **Construction and Application**

This Division shall be interpreted to assure consistency with the requirements of applicable federal and state laws, regulations, orders and permits, and with the purposes and intent of this Division.

("Construction and Application" added 9–27–1993 by O–17988 N.S.)

§43.0304 **Illicit Discharges**

(a) Except as provided in San Diego Municipal Code section 43.0305, it is unlawful for any person to cause a non-storm water discharge to the MS4.

(b) It is unlawful for any person to cause either individually or jointly any discharge into or from the MS4 that results in or contributes to a violation of the MS4 permit.

(Retitled from “Discharge of Non–Stormwater Prohibited” and amended 9–10–2001 by O–18975 N.S.)

(Retitled to “Illicit Discharges” and amended 7-16-2015 by O-20516 N.S.; effective 8-15-2015.)
§43.0305 Conditionally Allowed Non-Storm Water Discharges

The following non-storm water discharges are allowed on the condition that they are addressed as follows:

(a) Any discharge to the MS4 that is regulated under an NPDES permit issued to the discharger and administered by the State of California pursuant to Division 7 of the California Water Code is allowed, provided the discharger is in compliance with all requirements of the NPDES permit and other applicable laws and regulations.

(b) Non-storm water discharges to the MS4 from the categories listed in San Diego Municipal Code section 43.0305(b)(1)-(4) are allowed if: (i) the discharger obtains coverage under NPDES permit No. CAG919001 (Regional Water Quality Control Board Order No. R9-2007-0034, or subsequent order) for discharges to San Diego Bay, or under NPDES permit No. CAG919002 (Regional Water Quality Control Board Order No. R9-2008-0002, or subsequent order) for discharges to surface waters other than San Diego Bay, and the discharger is in compliance with all requirements of the applicable NPDES permit and all other applicable laws and regulations; or (ii) the Regional Water Quality Control Board determines in writing that coverage under NPDES permit No. CAG919001 or CAG919002 (or subsequent permits) is not required. Otherwise, non-storm water discharges from the following categories are illicit discharges:

(1) discharges from uncontaminated pumped groundwater;

(2) discharges from foundation drains when the system is designed to be located at or below the groundwater table to actively or passively extract groundwater during any part of the year;

(3) discharges from crawl space pumps;

(4) discharges from footing drains when the system is designed to be located at or below the groundwater table to actively or passively extract groundwater during any part of the year.
(c)  *Non-storm water discharges* to the MS4 from water line flushing and water main breaks, including discharges from water purveyors issued a water supply permit by the State of California or federal military installations, are allowed if the discharges have coverage under *NPDES permit* No. CAG679001 (*Regional Water Quality Control Board* Order No. R9-2010-0003, or subsequent order), and the discharger is in compliance with all requirements of that *NPDES permit* and other applicable laws and regulations. Discharges from recycled or reclaimed water lines to the MS4 are allowed if the discharges have coverage under an *NPDES permit*, and the discharger is in compliance with the applicable *NPDES permit* and other applicable laws and regulations. Otherwise, discharges from water lines are *illicit discharges*.

(d)  *Non-storm water discharges* to the MS4 from the following categories are allowed:

1. discharges from diverted stream flows;
2. discharges from rising *groundwater*;
3. discharges from uncontaminated *groundwater* infiltration to the MS4;
4. discharges from springs;
5. discharges from riparian habitats and wetlands;
6. discharges from potable water sources, except discharges from water lines without coverage under an *NPDES permit* as set forth in San Diego Municipal Code section 43.0305(c);
7. discharges from foundation drains when the system is designed to be located above the *groundwater* table at all times of the year, and the system is only expected to produce *non-storm water discharges* under unusual circumstances; and
8. discharges from footing drains when the system is designed to be located above the *groundwater* table at all times of the year, and the system is only expected to produce *non-storm water discharges* under unusual circumstances.

(e)  *Non-storm water discharges* from the following categories are allowed if they are addressed with *BMPs* as set forth in the *jurisdictional runoff management program*. Otherwise, *non-storm water discharges* from the following categories are *illicit discharges*:
(1) Air conditioning condensation,

(2) Individual residential vehicle washing, and

(3) Water from swimming pools.

(f) Non-storm water discharges to the MS4 from firefighting activities are allowed if they are addressed as follows:

(1) Non-emergency firefighting discharges. Non-emergency firefighting discharges, including building fire suppression system maintenance discharges (e.g. sprinkler line flushing), controlled or practice blazes, training, and maintenance activities shall be addressed by BMPs as set forth in the jurisdictional runoff management program to prevent the discharge of pollutants to the MS4.

(2) Emergency firefighting discharges. During emergencies, priority of efforts should be directed toward life, property, and the environment (in descending order). Emergency firefighting discharges shall be addressed by BMPs that do not interfere with emergency response operations or impact public health and safety.

(g) Notwithstanding the categories of non-storm water discharges conditionally allowed by San Diego Municipal Code section 43.0305(a) through (f), if the Regional Water Quality Control Board or the enforcement official determines that any of these otherwise conditionally allowed non-storm water discharges are a source of pollutants to receiving waters, are a danger to public health or safety, or are causing a public nuisance, such discharges shall be prohibited from entering the MS4.

(Amended 9–10–2001 by O–18975 N.S.)
(Amended 2-19-2008 by O–19716 N.S; effective 3-24-2008.)
(Retitled to “Conditionally Allowed Non-Storm Water Discharges” and amended 7-16-2015 by O-20516 N.S.; effective 8-15-2015.)
§43.0306  **Illicit Connections Prohibited**

It is unlawful for any person to establish, use, or maintain any *illicit connection* to the *MS4*.

(“Discharge in Violation of Permit Prohibited” repealed; “Illegal Connections Prohibited” renumbered from Sec. 43.0307 and amended 9–10–2001 by O–18975 N.S.)

(Retitled to “Illicit Connections Prohibited” and amended 7-16-2015 by O-20516 N.S.; effective 8-15-2015.)

§43.0307  **Reduction of Pollutants in Storm Water**

Any person engaged in activities which may result in discharges to the *MS4* shall, to the *maximum extent practicable*, undertake all measures to reduce the risk of *non-storm water discharges* and *pollutant* discharges. The following requirements shall apply:

(a)  **BMP Implementation.**

Every person undertaking any activity or use of a *premises* that may cause or contribute to *storm water* pollution or contamination, *illicit discharges*, or *non-storm water discharges* to the *MS4* shall comply with *BMP* guidelines or pollution control requirements, as may be established by the *enforcement official*. *BMPs* shall be maintained routinely throughout the life of the activity. Such *BMPs* include the *BMPs* set forth in the *jurisdictional runoff management program*.

(b)  **Storm Water Pollution Prevention Plan.**

The *enforcement official* may require any business or operation that is engaged in activities which may result in *pollutant* discharges to the *MS4* to develop and implement a *storm water pollution prevention plan*, which must include an *employee training program* and the applicable *BMPs* from the *jurisdictional runoff management program*.

(c)  **Coordination with Hazardous Materials Release Response Plans and Inventory.**

Any activity subject to the Hazardous Materials Release Response Plan, Chapter 6.95 of the California Health and Safety Code, shall include in that Plan provisions for compliance with this Division, including the prohibitions on *non-storm water discharges* and *illicit discharges*, and the requirement to reduce release of *pollutants* to the *MS4* to the *maximum extent practicable*. 

---

*San Diego Municipal Code*

Chapter 4: Health and Sanitation

(8-2015)
(d) Compliance with General Storm Water NPDES Permits.

Each discharger that is subject to any general storm water NPDES permit shall comply with all requirements of such permit. For those activities that discharge to the MS4 under a general storm water NPDES permit, the discharger shall submit monitoring data and analytical evaluation/assessment to the City at the same time reports are submitted to the Regional Water Quality Control Board.

(“Illegal Connections Prohibited” renumbered to Sec. 43.0306; “Reduction of Pollutants in Stormwater” renumbered from Sec. 43.0308, retitled and amended 9-10-2001 by O–18975 N.S.)
(Retitled to “Reduction of Pollutants in Storm Water” and amended 7-16-2015 by O-20516 N.S.; effective 8-15-2015.)

§43.0308 Containment and Notification of Spills

Any person owning or occupying a premises who has knowledge of any significant release of pollutants or non-storm water discharges from those premises that may enter the MS4 shall immediately take all reasonable action to contain the release and minimize any non-storm water discharge. The person shall notify the enforcement agency within 24 hours of the non-storm water discharge.

(“Reduction of Pollutants in Stormwater” renumbered to Sec. 43.0307; “Containment and Notification of Spills” renumbered from Sec. 43.0309 and amended 9–10–2001 by O–18975 N.S.)
(Amended 7-16-2015 by O-20516 N.S.; effective 8-15-2015.)
§43.0309  MS4 Protection

Any person owning or occupying a premises through which the MS4 passes shall:

(a) Keep and maintain that part of the premises reasonably free of trash, debris and other obstacles which would pollute, contaminate, or retard the flow of water through the MS4; and

(b) Maintain existing structures within or adjacent to the MS4 so that those structures will not become a hazard to the use, function, or physical integrity of the MS4.

(“Containment and Notification of Spills” renumbered to Sec. 43.0308; “Stormwater Conveyance System Protection” renumbered from Sec. 43.0310, retitled and amended 9–10–2001 by O–18975 N.S.)

(Retitled to “MS4 Protection” and amended 7-16-2015 by O-20516 N.S.; effective 8-15-2015.)

§43.0310  Enforcement Authority

(a) The enforcement agency and enforcement official may exercise any enforcement powers as provided in San Diego Municipal Code Chapter 1, Article 3, as may be necessary to effectively implement and enforce this Division.

(b) In addition to the general enforcement powers provided in San Diego Municipal Code Chapter 1, the enforcement agency and enforcement official may exercise any of the following supplemental enforcement powers as may be necessary to effectively implement and enforce this Division:

(1) Sampling Authority. During any inspection, the enforcement official may take samples deemed necessary in order to implement and enforce the provisions of this Division. This may include the installation of sampling and metering devices on private property, or requiring the responsible person to supply samples.

(2) Notice of Violation. The enforcement official may issue a notice of violation to any responsible person to cease and desist all activities that may cause or contribute to a discharge in violation of this Division. This order may require the responsible person to: (i) comply with the applicable provisions and policies that govern this Division; (ii) comply within the designated time frame for compliance; (iii) take appropriate remedial or preventative action to keep the violation from recurring.
(3) Monitoring and Mitigation. The enforcement official may require reasonable monitoring of discharges from any premises to the MS4 and shall have authority to order the mitigation of circumstances that may result in illicit discharges.

(4) Storm water pollution prevention plan. The enforcement official shall have the authority to establish elements of a storm water pollution prevention plan, and to require any business or operation to adopt and implement such a plan pursuant to San Diego Municipal Code section 43.0307(b).

(5) Employee training program. The enforcement official shall have the authority to establish the elements of an employee training program that is part of a storm water pollution prevention plan.

(6) Best management practices. The enforcement official may establish the BMPs required to be implemented for any premises pursuant to San Diego Municipal Code section 43.0307(a).

(“Stormwater Conveyance System Protection” renumbered to Sec. 43.0309; “Enforcement Authority” renumbered from Sec. 43.0311 and amended 9–10–2001 by O–18975 N.S.)

(Amended 7-16-2015 by O-20516 N.S.; effective 8-15-2015.)
§43.0311 Enforcement Remedies

(a) It is unlawful for any person, business, or association to violate the provisions and requirements of San Diego Municipal Code sections 43.0301 through 43.0309. Violations of these provisions may be prosecuted as misdemeanors subject to the penalties provided in San Diego Municipal Code section 12.0201. The enforcement official may seek injunctive relief or civil penalties in the Superior Court pursuant to San Diego Municipal Code section 12.0202, or pursue any administrative remedy provided in San Diego Municipal Code Chapter 1, Article 2, Divisions 3 through 10.

(b) Administrative civil penalties assessed pursuant to San Diego Municipal Code Chapter 1, Article 2, Division 8 for violations of any of the provisions and requirements of San Diego Municipal Code sections 43.0301 through 43.0309 shall be assessed at a maximum rate of $10,000 per day per violation. The maximum amount of civil penalties shall not exceed $100,000 per parcel or structure for any related series of violations.

(c) As part of any civil action filed pursuant to San Diego Municipal Code section 12.0202 to enforce any provisions of San Diego Municipal Code sections 43.0301 through 43.0309, a court may assess a maximum civil penalty of $10,000 per day per violation.

(“Enforcement Authority” renumbered to Sec. 43.0310; “Enforcement Remedies” renumbered from Sec. 43.0312 and amended 9–10–2001 by O–18975 N.S.)
(Amended 7–16–2015 by O–20516 N.S.; effective 8–15–2015.)

§43.0312 Remedies Not Exclusive

Remedies under this Article are in addition to and do not supersede or limit any and all other remedies, civil or criminal. The remedies provided for herein shall be cumulative and not exclusive.

(“Enforcement Remedies” renumbered to Sec. 43.0311; “Remedies Not Exclusive” renumbered from Sec. 43.0313 and amended 9–10–2001 by O–18975 N.S.)
