Article 2: Overlay Zones

Division 2: Airport Approach Overlay Zone

(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)

§132.0201 Purpose of the Airport Approach Overlay Zone

The purpose of the Airport Approach Overlay Zone is to provide supplemental regulations for the property surrounding the approach path for San Diego International Airport, Lindbergh Field. The intent of these regulations is to help ensure the following:

(a) That the provisions of the Federal Aviation Act of 1958, as implemented through the Federal Aviation Administration (FAA) obstruction evaluation programs, are satisfied;

(b) That the applicable provisions of California Public Utilities Code Section 21659, as administered by the California Department of Transportation (CALTRANS), are satisfied;

(c) That the San Diego County Regional Airport Authority (Airport Authority), as the proprietor of San Diego International Airport, Lindbergh Field, is provided the opportunity to participate in the evaluation process conducted by the FAA and CALTRANS; and

(d) That minimum vertical buffers are provided between the FAA-established approach paths as identified on Map No. C-926 and structures constructed within the Airport Approach Overlay Zone.

(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)

(Amended 8-4-2006 by O-19521 N.S.; effective 9-3-2006.)

§132.0202 Where the Airport Approach Overlay Zone Applies

(a) This overlay zone applies to property surrounding San Diego International Airport, Lindbergh Field that is located within the boundaries shown on Map No. C-926, filed in the office of the City Clerk as Document No. OO-19521. This property is shown generally on Diagram 132-02A.

(b) Table 132-02A shows the sections that contain the supplemental regulations and the type of permit required by this division, if any, for specific types of development in this overlay zone.

(Amended 8-4-2006 by O-19521 N.S.; effective 9-3-2006.)

§132.0205 Supplemental Development Regulations—Airport Approach Path Buffer

No structure shall be constructed or altered and no use shall be established that results in any permanent encroachment within 50 feet of the FAA-established approach paths as set forth in Drawing No. C-926. Proposed structures or uses that are 40 feet in height or less, measured from the grade of the property as established by Map No. C-926 or by the City Manager, shall not be limited by this section.

(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)
(Amended 8-4-2006 by O-19521 N.S.; effective 9-3-2006.)

§132.0206 Notification Requirements

Upon receipt of an application for a Building Permit or development permit that is subject to this overlay zone, the City Manager will provide a notice of the proposed permit to the FAA and the Airport Authority.

(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)
(Amended 8-4-2006 by O-19521 N.S.; effective 9-3-2006.)

§132.0207 Supplemental Regulations for an FAA Determination of No Hazard and Airport Authority Concurrence

The decision maker shall not issue a Building Permit or development permit within the Airport Approach Overlay Zone until the following have occurred:

(a) The applicant has obtained and provided to the City Manager (1) a letter from the FAA stating that the proposed development does not require notice to the
FAA or (2) a Determination of No Hazard from the Air Traffic Division of the Western Pacific Regional Office of the FAA, stating that the proposed development has been determined not to be a hazard to air navigation and this determination has become final; and

(b) The Airport Authority has concurred with the FAA determination in one of the following ways:

(1) The City Manager has provided the Airport Authority with a copy of the FAA determination and has received a response stating that the Airport Authority is aware of the proposed development and that it concurs with the determination made by the Regional Office of the FAA; or

(2) The Airport Authority has not responded within 40 calendar days from the date that the FAA determination was forwarded to the Airport Authority. In this case, the decision maker will assume concurrence and may approve the Building Permit or development permit.

(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)
(Amended 8-4-2006 by O-19521 N.S.; effective 9-3-2006.)

§132.0208 Supplemental Regulations for an FAA Determination of No Hazard and Airport Authority Appeal

If the Airport Authority does not concur with the FAA determination as described in Section 132.0207, and the Airport Authority has notified the City Manager that it does not concur with the FAA determination and has filed an appeal of the determination with the FAA, the decision maker shall not issue a Building Permit or development permit until the following have occurred:

(a) The City Manager has received a letter of determination from the FAA National Headquarters Air Traffic Administrator stating that the proposed development does not constitute a hazard to air navigation and this determination has become final;

(b) At least 60 calendar days have elapsed from the date on which the Air Traffic Administrator’s determination became final; and

(c) The proposed development complies with Section 132.0205.
(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)
(Amended 8-4-2006 by O-19521 N.S.; effective 9-3-2006.)
§132.0209  Supplemental Regulations for an FAA Determination of Hazard

(a) If the FAA Regional Office or the National Headquarters issues a Determination of Hazard stating that the proposed construction will constitute a hazard to safe and efficient use of airspace, the applicant must obtain a permit from CALTRANS in accordance with California Public Utilities Code, Section 21659, before a Building Permit or a development permit can be issued. If CALTRANS issues the permit, the application for a Building Permit or development permit will be reviewed by the City Council. The City Manager shall provide the Airport Authority with a copy of the Determination of Hazard and shall notify the Airport Authority of the public hearing to review the permit application.

(b) The City Council shall consider the following in its review of the permit application:

1. Aeronautical studies conducted by the FAA that determine the effect of the proposal upon the operation of air navigation facilities and the safe and efficient use of the navigable airspace;

2. Quantified analyses conducted by the Airport Authority that provide technical and economic statistics of the effect the proposed construction will have on existing airport operations;

3. Consistency with the purpose and intent of the Airport Approach Overlay Zone; and

4. The public health, safety, and welfare of the residents and property in the City.

(c) At the conclusion of the public hearing, the Building Permit or development permit may be approved, denied, or delayed as follows:

1. Development Permit Applications. The City Council may approve or deny the permit or delay issuance of the permit until 120 calendar days following the conclusion of the hearing if the City Council finds that the delayed issuance is in the public interest, based on the information provided at the hearing. A Building Permit application for development that has been approved under a development permit issued in accordance with this division shall not be subject to an additional public hearing to determine compliance with this division.
(2) Building Permit Applications. The Building Official may approve or deny the permit or delay issuance of the permit until 120 calendar days following the conclusion of the hearing if the City Council finds that the delayed issuance is in the public interest, based on the information provided at the hearing.

(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)

(Amended 8-4-2006 by O-19521 N.S.; effective 9-3-2006.)
