Article 2: General Development Regulations

Division 12: Sign Regulations
(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)

§142.1201 Purpose of Sign Regulations

The purpose of these regulations is to provide a comprehensive system of regulations for signs that are visible from the public right-of-way. The intent of these regulations is to provide a set of standards that are designed to optimize communication and quality of signs while protecting the public and the aesthetic character of the City. (Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)

§142.1205 When Sign Regulations Apply

This Division applies to all signs within the City unless otherwise specifically regulated. This Division applies to all construction within the City whether or not a permit or other approval is required. In addition, discretionary permits may also contain conditions that regulate signs on certain properties.

Table 142-12A shows the applicable regulations and type of permit required by this Division, if any, for specific types of signs.

§142.1206 Violations of Sign Regulations

(a) It is unlawful to do the following:

(1) Place, post, paint or secure any sign, pennant, flag, banner, balloon, or similar attention-seeking device on public property or within the public right-of-way unless otherwise provided in the Municipal Code or specific state statute;

(2) Place any lettering, card, poster, or notice of any kind on any curb, sidewalk, street, pole, post, utility box, hydrant, bridge, tree, building, or other surface that is located on public property or in the public right-of-way unless otherwise provided in the Municipal Code or specific state statute; or

(3) Erect any sign on any premises contrary to the provisions of this Division.

(b) Violations of any provisions of this Division shall be subject to the enforcement provisions of Chapter 12, Article 1. Violations of this Division shall be treated as strict liability offenses regardless of intent.

(Amended 6-12-2001 by O-18948 N.S.; effective 12-12-2001.)

(Amended 5-5-2015 by O-20481 N.S.; effective 6-4-2015.)

§142.1208 Signs in Commercial and Industrial Developments

(a) Where the development permit for a commercial or industrial development specifies a sign requirement, signs that meet the Land Development Code regulations for signs may nevertheless be approved in accordance with Process One without an amendment to that development permit, except as follows:

(1) Any sign that is subject to a development permit in accordance with the following separately regulated use regulations (Chapter 14, Article 1):

(A) Comprehensive sign plans (Section 141.1103) adopted January 1, 2000 or later;

(B) Revolving projecting signs (Section 141.1104);

(C) Signs with automatic changing copy (Section 141.1105); and

(D) Theater marquees (Section 141.1106).
(2) A sign that involves an alteration to the building where the building alteration would not be in substantial conformance to the applicable development permit; and

(3) Any proposal that involves an advertising display sign.

(b) New signs for commercial or industrial development with a comprehensive sign plan adopted prior to January 1, 2000 may be approved in accordance with Process One if the proposed signs comply with the current Land Development Code regulations for signs.

("Signs in Commercial and Industrial Developments" added 5-5-2015 by O-20481 N.S.; effective 6-4-2015.)

§142.1210 General Sign Regulations

This section is divided into subsections for copy regulations, locational regulations, structural regulations, and sign maintenance regulations.

(a) Copy Regulations

(1) Permanent or changeable copy on signs shall contain on-premises or public interest messages only.

(A) On-premises messages are those identifying or advertising an establishment, person, activity, goods, products, or services located on the premises where the sign is installed.

(B) Public interest messages that are primary signs are those that are located on the following types of signs and notices:

(i) Official signs and notices, including historical markers and commemorative plaques authorized by federal, state, or local law, placed by public officials or agencies pursuant to and in accordance with federal, state, or local law for the purposes of carrying out an official duty or responsibility;

(ii) Service club and religious signs and notices containing identification of nonprofit service clubs, religious organizations, or charitable associations and containing information relating to meetings, locations, fund-raising or other nonprofit activities; and
(iii) Political and ideological signs and notices related to any federal, state, or local election issue or candidate and signs and notices unrelated to election issues or candidates but expressing ideological or political views.

(C) Public interest messages for public or private non-profit or charitable organizations may identify sponsors and supporters of the signs and notices as described in Section 142.1210(a)(1)(B). A maximum of 15 percent of the total area of a sign containing a public interest message shall include the name of the sponsors or supporters, description of the products, services or activities provided or engaged in by the sponsors or supporters, and recognized trademarks, logotypes or symbols customarily associated with the sponsors or supporters.

(D) The following signs are also public interest message signs but are regulated as secondary signs:

(i) Public utility signs that are required by law;
(ii) Directional signs; and
(iii) Holiday decorations.

(2) Signs may have changeable copy, such as letters, numbers, symbols, pictorial panels, and other similar characters. Changeable copy shall be manually or mechanically changeable only in the field and not remotely or electronically changeable, except for the following signs:

(A) Public service messages in compliance with Section 142.1220(f);

(B) Signs with automatic changing copy may be permitted with a Neighborhood Use Permit in compliance with Section 141.1105; and

(C) Automobile service station gasoline pricing signs designed in accordance with state law.

(3) Painted graphics that are murals, mosaics, or any type of graphic art that are painted on a wall or fence and do not contain copy, advertising symbols, lettering, trademarks, or other references to the premises, products, or services that are provided on the premises where the graphics are located or any other premises, are not signs for the purposes of these regulations.
When painted graphics are installed on other than a wall or fence or contain copy, advertising symbols, lettering, trademarks, or other references to the premises, products, or services, only the actual copy area is considered sign area and shall comply with these regulations.

4. Signs that resemble traffic control signs, traffic signals or devices, or which bear the words “stop,” “go slow,” “caution,” “danger,” “warning” or other similar words, or emergency lights or signals are not permitted.

5. Signs that have flashing copy or lights, and signs with stroboscopic lights, intermittent lights, rotary beacons, chasing lights, or zip lights are not permitted.

6. Signs with one copy message that flashes on and off, or with two or more copy messages that alternate or change, either on the same or different portions of the sign, are not permitted.

7. Signs with animated copy that includes action, motion, or an illusion of either, or has color changes of all or part of the sign face, may be installed provided that the animated portion of the sign does not exceed 10 square feet. The animation may be either electrical or wind powered. The light source for the sign shall be constant, and the exterior face shall not be moveable. The animated portion of a primary sign shall count toward the total sign allowance.

8. Freeway-oriented sign copy shall only identify establishments where transient lodging or prepared food are offered to the public, or any retail place of business engaged in supplying goods and services essential to the normal mechanical operation of automobiles, specifically including the dispensing of automotive fuel as the primary function.

9. On-premises signs or sign copy relating to an establishment or occupancy shall be removed no later than 30 calendar days after the date that the establishment or occupancy vacates the premises.

10. The owner of any sign which is otherwise allowed by this chapter may substitute noncommercial copy in lieu of any other commercial or noncommercial copy. This substitution of copy may be made without any additional approval or permitting. The purpose of this provision is to prevent any inadvertent favoring of commercial speech over noncommercial speech, or favoring of any particular noncommercial message over any other noncommercial message. This provision prevails over any more specific provision to the contrary.
(b) Locational Regulations

(1) Signs shall be located no closer than 6 feet horizontally and 12 feet vertically to overhead electrical conductors, either bare or insulated, carrying more than 750 volts, except conductors enclosed in approved metal conduits.

(2) All signs shall comply with the minimum setbacks as established by base zones, planned districts, and City Council ordinances except as otherwise specifically provided.

(3) All signs, except for certain temporary signs as described in Section 142.1255, shall be permanently attached to the ground or a structure.

(4) Freeway-oriented signs shall comply with the following regulations.
   (A) The sign must be within a 660-foot horizontal distance from the freeway public right-of-way;
   (B) The premises on which the sign is located must be within 1500 feet of a freeway exit that provides access to the premises. The 1500-foot distance is measured directly from the property line of the premises to the freeway ramp; and
   (C) The sign copy shall only identify the types of uses described in Section 142.1210(a)(8).

(5) Signs on Public Property and in Public Rights-of-Way
   (A) Signs are not permitted to be installed on public property or public rights-of-way, except for signs that are authorized by law, or as otherwise permitted in the Municipal Code.
   (B) Signs that are permitted to project from structures into parkways shall in no case extend over a street or an alley.
   (C) Banners in public rights-of-way that are used for promoting cultural or civic events or activities of general public interest are permitted in accordance with the following regulations.
      (i) The banners are permitted only on streets and public rights-of-way that are designated for banner installation in a City Council resolution.
      (ii) The banners shall not be used for commercial or political advertising, except that logos and trademarks of sponsoring organizations shall be permitted. The total area of logos and trademarks shall be limited to 5 percent of the banner area.
(iii) The banners shall be displayed no more than 30 calendar days, with one 30-calendar-day extension.

(iv) The banners shall be installed only on light standards that have been equipped by the City with mounting hardware.

(v) The banners have received all necessary permits to locate in the public right-of-way.

(vi) No street banner other than those authorized by this section shall be displayed after April 30, 1989.

(D) Clocks are permitted in public rights-of-way between a curb and sidewalk in accordance with the following regulations.

(i) The clock shall be constructed of noncombustible materials.

(ii) The clock shall be maintained and shall keep time accurately.

(iii) The ground pedestal support shall not exceed 2 feet in any dimension.

(iv) There shall be a minimum clearance of 7 feet, 6 inches between the face portion of the clock and the grade.

(v) The width of the face portion of the clock shall not exceed 14 inches.

(vi) The clock face shall not exceed a total area of 5 square feet, and the clock dials shall form at least one-half of that area.

(vii) The clock shall not contain any advertising, other than a nameplate containing the name of the manufacturer. The nameplate shall have engraved or embossed letters that do not exceed 6 inches in height.

(viii) All necessary permits to locate in the public right-of-way must be received before installation of the clock.

(E) Community entry signs within the public right-of-way shall conform to Section 141.1101.
(c) Structural Regulations

(1) Signs and sign-supporting structures shall be listed by a recognized testing laboratory and constructed in compliance with the requirements of the Building Regulations and the Electrical Regulations as adopted by the City of San Diego. Exposed-tube neon signs shall be constructed and installed in compliance with the Electrical Regulations as adopted by the City of San Diego.

(2) Guy wires or angle iron structures that are used as sign supports shall not be visible from public rights-of-way. Sign supports shall appear to be an integral part of the sign.

(3) The supports for all signs or sign structures shall be placed entirely within the boundaries of the premises on which the sign is located.

(4) When installed on the exterior walls of high-rise buildings as defined in Chapter 4 of the California Building Code, exterior wall signs greater than 100 square feet in area or greater than 10 feet in either dimension shall comply with Section 705.12 of the 2013 California Building Code and Section 705.1 of the California Fire Code.

(d) Sign Maintenance Regulations

All signs shall comply with the following maintenance regulations whether or not a Sign Permit is required.

(1) All signs and sign supports, including decorative covers, shall be maintained in a clean and safe condition.

(2) Signs shall be maintained in a graffiti-free condition.

(3) The owner shall keep the display area of all painted signs neatly printed or posted at all times and shall correct any painting, fading, chipping, peeling, or flaking paint or plastic and mechanical or structural defect.

(4) Paint or debris associated with signs shall not litter public property or public rights-of-way.

§142.1215 Types of Signs

(a) Primary Signs

Primary signs identify an establishment or a premises while the establishment is operative or the premises is occupied. The following are the different types of primary signs:

1. Wall signs, including theater marquees, marquee signs, and entrance awning signs
2. Roof signs
3. Projecting signs
4. Ground signs

(b) Secondary Signs

Secondary signs provide information that is secondary to identifying the major activities occurring on the premises. Secondary signs may be permanent or temporary. The following are the categories of permanent and temporary secondary signs:

1. Permanent secondary signs are used for establishment identification, incidental signs, traffic direction, and public utility and safety information that is required by law.
   (A) High-rise building identification wall signs
   (B) Incidental signs
   (C) Directional signs
   (D) Establishment identification signs
   (E) Window signs
   (F) Public utility signs
   (G) Signs required by law
   (H) Theater lobby signs
   (I) Address numbers
(2) Temporary secondary signs are used for a specific reason for a specific period of time.

(A) Construction site signs
(B) Real estate signs
(C) Banner signs
(D) Special signs
(E) Pennants, flags, streamers and other similar devices
(F) Advertising vehicles
(G) Real estate open house directional signs
(H) Subdivision directional and identification signs
(I) Inflatable displays
(J) Window and building signs

(c) Signs Permitted by Higher Process

The following are the types of signs that may be permitted with a Neighborhood Use Permit in accordance with Chapter 12, Article 6, Division 2.

(1) Revolving projecting signs
(2) Signs with automatic changing copy
(3) Theater marquees
(4) Neighborhood identification signs
(5) Reallocation of sign area allowance

(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000; amended 6-19-2000 by O-18814 N.S.)
(Amended 8-4-2011 by O-20081 N.S.; effective 10-6-2011.)

§142.1220 Primary Sign Regulations

(a) Each establishment is entitled to a wall sign and a projecting sign based on the requirements of Sections 142.1225 and 142.1230. Ground signs and roof signs are permitted on a premises basis, and may be installed instead of a projecting sign.
(b) **Signs in Commercial and Industrial Zones**

(1) Primary signs are regulated according to the applicable commercial or industrial base zone. Sign Categories A, B, and C are established as follows to identify applicable sign regulations with the appropriate base zone.

(A) *Sign* Category A is applicable in all commercial and industrial zones, except for those precluded in Table 142-12B or in Planned Districts, or except in the Coastal Overlay Zone where Category C shall apply.

(B) *Sign* Category B is applicable in all of the CO zones, and all of the IP zones, except in the Coastal Overlay Zone where Category C shall apply.

(C) *Sign* Category C is applicable in all of the CN zones and in the commercial and industrial zones within the Coastal Overlay Zone.

(2) Section 142.1290 contains separate sign regulations for commercial and industrial zones in La Jolla, and Section 142.1291 contains supplemental regulations for commercial zones in Ocean Beach.

(c) Table 142-12B identifies under what conditions certain types of primary signs are permitted in the commercial and industrial zones and the relationship among the sizes of primary signs. Allowances may be based on establishment, premises, or street frontage. This table presents primary sign type relationships only and should not be used to calculate allowable sign area or number of signs allowed. Refer to sections identified in Table 142-12A for regulations.

§142.1225 Wall Signs in Commercial and Industrial Zones

The following regulations apply to wall signs in all commercial and industrial zone sign categories, unless otherwise indicated.

(a) A minimum of one wall sign per establishment is permitted. Wall signs are permitted alone or in combinations with other primary signs.

(b) Table 142-12C provides the basis for calculating the wall sign copy area for establishments along a single street frontage. The permitted sign copy area is based on the length of the establishment’s street wall and the width of the adjacent public right-of-way.

### Footnote to Table 142-12C

1. Where a public right-of-way width is developed to 60 feet or less, but is designated as a major street or a primary arterial by the applicable land use plan, the wall sign copy area shall be based on the 60 feet or greater calculation.

### (c) General Regulations for All Wall Signs

1. Table 142-12C calculates the total wall sign copy area available to all establishments on multiple floors of the same portion of the street wall of the building. The establishments on upper floors may share the permitted wall sign copy area or may use the minimum wall sign copy area for each establishment in the last row of Table 142-12C.

2. For premises that have more than one street frontage, each street frontage is considered separately for calculating the permitted wall sign copy area.

3. Wall signs are permitted along street frontages where access rights to the public right-of-way have been waived or taken for public safety or traffic circulation purposes.
Premises fronting on more than one public right-of-way may not combine allowable signs for one frontage with another frontage for the purpose of placing the combined area of signs on any one wall.

Walls signs may be internally or externally illuminated.

Walls signs that either project more than 18 inches from a building wall or are illuminated by self-supporting light fixtures that extend more than 18 inches over the parkway are considered to be projecting signs and shall comply with the regulations of Section 142.1230.

Locational Regulations for all Wall Signs

(1) Allowable wall signs may be placed only on the tenancy of the building on which the allowance is computed except that a primary occupant of a building, as designated in writing to the City Manager by the property owner, may use its wall sign copy area allocation for a sign on a parapet of the building not within its own tenancy.

(2) Unused wall sign copy area that is permitted on an establishment’s street wall may be used instead on its nonfrontage wall provided that the wall sign copy area on the nonfrontage wall does not exceed that which would be permitted on a single street frontage. This area may not be transferred to a wall facing an alley or a separately owned parking lot.

(3) Wall signs on premises with a high-rise building identification wall sign shall not be placed above the minimum building height in the ranges indicated in Table 142-12J.

(4) Architectural projections that meet the following criteria may be used as wall space for locating a wall sign:

(A) The projection has a vertical face that is parallel to the face of the building,

(B) The projection does not project above the roof line, and

(C) The projection does not project over the parkway.
(5) **Wall Signs on Architectural Appendages**

*Wall signs* may be placed on an architectural appendage that is an integral part of the building, projects over the *roof line*, and is perpendicular to the *public right-of-way* subject to the following regulations.

(A) The appendage must be incorporated into the face of the building that is adjacent to the *public right-of-way*.

(B) The *sign* must be in lieu of any *roof signs* or *projecting signs* on the *premises*.

(C) The *sign* must not project over the *parkway*.

(D) The area of the *sign* may not exceed the permitted *sign area* or height for a *roof sign* as indicated in Section 142.1235.

(E) The *sign* must be located in a *sign category* that permits *roof signs*.

(F) *Signs* installed or painted on the vertical surface of a marquee or other architectural projection are not subject to height or projection requirements but may not project horizontally or vertically beyond any edge of the marquee or architectural projection.

(6) **Wall Signs on Buildings Facing Parking Lots**

*Premises* that are adjacent to a separately owned parking *lot* that abuts a *public right-of-way* may place a *wall sign* on the side of the building facing the *public right-of-way* subject to the following regulations.

(A) There may be only one separately owned parking lot between the building wall and the *public right-of-way*.

(B) The *sign* may not exceed the permitted *sign copy area* for a *wall sign* on that wall.

(C) The *sign copy area* permitted for this wall may not transferred to any other wall or to this wall from any other wall.

(D) The *sign* may not project over the *property line* between the two *premises*. 
(7) **Wall Signs on Alleys**

Wall signs are permitted on the wall of a building fronting an alley to identify the building occupant subject to the following regulations.

(A) The permitted sign copy area is 1 square foot per foot of building facade on the alley.

(B) The wall sign copy area may not be transferred to the alley wall from any other wall or to any other wall from the alley wall.

(C) The sign may not project into or over the alley.

(D) The sign may not project above the eave or parapet of the building wall or beyond the sides of the building.

(8) **Wall Signs on Awnings**

All or a portion of a street wall’s permitted wall sign copy area may be used on awnings subject to the following regulations.

(A) The sign must be parallel to the building facade being used to calculate the wall sign allowance.

(B) The permitted sign area will be calculated on the sign copy area, not the area of the awning.

(C) The building facade with the awning sign may not also have a projecting sign.

(9) **Wall Signs on Mansard or False Roofs**

Wall signs may be located on a mansard or false roof that does not vary more than 45 degrees from vertical subject to the following regulations.

(A) The maximum wall sign copy area that may be located on a mansard or false roof shall be a portion of the street wall’s permitted wall sign copy area and shall not be greater than 50 percent of the permitted sign copy area specified in Table 142-12C.

(B) The wall sign copy area on a mansard or false roof is not in addition to the maximum permitted area wall signs.

(C) Wall signs on a mansard or false roof may not be used when a projecting or roof sign is located on the premises.
(D) The entire sign, except for the sign copy area, and the entire sign support structure shall be fully enclosed and finished in the same material as the mansard or false roof.

(e) Wall Signs Extending Above the Roof

(1) Wall signs that extend above the roof line or the top of the parapet wall are permitted in sign categories “A” and “B” only.

(2) Wall signs may extend above the roof line subject to the following regulations.

(A) The sign shall be mounted flush to a vertical wall.

(B) The sign shall be placed only on a single-story building.

(C) The sign shall be mounted so that the top of the sign is not greater than 16 feet above the ground.

(D) The portion of the sign that projects above the parapet shall not exceed 33-1/3 percent of the height of the sign.

(E) The establishment shall not have a roof sign.

(F) The establishment shall not have a projecting sign that projects over the parapet wall or roof line.

(G) The establishment shall not have a mansard or false roof sign.

(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)

(Amended 5-5-2015 by O-20481 N.S.; effective 6-4-2015.)

§142.1230 Projecting Signs in Commercial and Industrial Zones

The following regulations apply to projecting signs that project more than 18 inches from a building wall in all commercial and industrial sign categories, unless otherwise indicated.

(a) A projecting sign is permitted for each establishment with accessible street frontage, in lieu of ground or roof signs.

(b) Table 142-12D provides the permitted sign area, the number of signs permitted per establishment with street frontage, and the maximum permitted height for projecting signs.

(d) General Regulations for \textit{Projecting Signs}

(1) The \textit{projecting sign} shall only be placed along the \textit{street frontage} portion of the \textit{premises} that is occupied by the establishment.

(2) All \textit{projecting signs}, regardless of whether they project over public or private property, shall be subject to the regulations of this section.
(3) A projecting sign is permitted only in lieu of ground or roof signs. However, if an establishment is permitted to have two ground signs, a projecting sign may be substituted for one of the ground signs. When a ground sign and a projecting sign, or two projecting signs, are installed by the same establishment on the same street frontage, the area of the two signs shall be reduced to one-half of the maximum sign area permitted by Tables 142-12D and 142-12H.

(4) Projecting signs may be illuminated. All illuminated signs projecting over a parkway, except for marquee and entrance awning signs, must be internally illuminated.

(5) For Sign Category B only, projecting signs shall comply with the following:

(A) The sign face shall be parallel to the face of the building, and
(B) The sign shall not project above the eaves or parapet of the building.

(6) Projecting signs are permitted to revolve only if a Neighborhood Use Permit for revolving projecting signs has been issued in accordance with Chapter 12, Article 6, Division 2 (Neighborhood Use Permit Procedures) and Section 141.1101.

(7) Signs on Marquees (Non-Theater) and Entry Awnings

(A) Signs may be mounted directly to the bottom of a marquee or architectural projection subject to the following regulations.

(i) The sign area shall not exceed 4 square feet per side.

(ii) The vertical dimension of the sign shall not exceed 12 inches.

(iii) The bottom of the sign shall be at least 8 feet above grade.

(iv) The sign shall be symmetrically placed along a center line running parallel or perpendicular to the building facade and the outer edge of the marquee.
(B) All signs that are installed on a marquee or architectural projection shall be included as part of the permitted sign area for projecting signs on the premises.

(C) Signs that are attached to a marquee or other architectural projection that projects over a parkway shall comply with this section.

(D) Signs installed or painted on the vertical surface of a marquee or other architectural projection are not subject to height or projection requirements but may not project horizontally or vertically beyond any edge of the marquee or architectural projection.

(e) Locational Regulations for Projecting Signs

(1) Projecting signs shall meet the following minimum clearances:

   (A) Signs that project above a parkway shall have a minimum clearance of 8 feet from the bottom of the sign to the grade below;

   (B) Signs shall not project over alleys; and

   (C) Signs that project over vehicular traffic areas on the premises and have a minimum clearance that is less than 16 feet, shall be labeled with the clearance height at the bottom of the sign with letters that are legible from a distance of at least 30 feet.

(2) Projecting signs may not be installed within five feet of the ground floor leasehold of an adjacent establishment.

(3) An establishment with 25 feet or more street frontage may have a sign that projects perpendicularly beyond a property line, provided that it projects no more than 5 feet, or two-thirds of the distance between the inside edge of the sidewalk and the face of the curb, whichever is less.

(4) An establishment with less than 25 feet of street frontage may have a sign that projects 4 feet or less beyond a property line.

(5) A minimum horizontal distance of 10 feet shall be provided between projecting signs.

(6) Projecting signs may not project above the roof line at the wall.
(7) Signs may project above the top of the parapet wall subject to the following regulations.

(A) The projecting sign shall only be placed on a single-story building.

(B) The sign shall not project more than 2 feet vertically above the top of the parapet.

(C) The uppermost point of the sign shall not exceed 16 feet in height.

(D) The portion of the sign that projects above the parapet shall not exceed 33-1/3 percent of the vertical dimension of the sign.

(E) A roof sign shall not be located on the premises.

(F) The establishment shall not have a wall sign that extends above the parapet.

(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)

§142.1235 Roof Signs in Commercial and Industrial Zones

The following regulations apply to roof signs, which are permitted only in Sign Category A of the commercial and industrial zone sign categories.

(a) One roof sign shall be permitted per premises. A roof sign is permitted only in lieu of a permissible ground or projecting sign. Roof signs may be located only on premises with accessible street frontage. Roof signs are not permitted on buildings with high-rise building identification wall signs as described in Section 142.1250.

(b) Table 142-12F provides the permitted sign area for roof signs. The sign area is determined by the width of the public right-of-way fronting the premises and the street speed limit on that public right-of-way.

Footnotes for Table 142-12F

1. The permitted sign area is for a single face. If a sign has two faces, the sign area is doubled.

2. Where a public right-of-way is developed to 60 feet in width or less, but is designated as a major street or a primary arterial by the applicable land use plan, the roof sign area shall be based on the greater than 60 feet public right-of-way width.

(c) The maximum height of roof signs is a combination of the building height and the maximum vertical dimension of the sign. The maximum vertical dimension includes the height of the sign plus any space that is required for clearance under the sign. The maximum total permitted height of the building and the sign is the measurement of the average elevation of the premises or the elevation of the centerline of the adjacent street at the point closest to the sign, whichever is lower, to the uppermost point of the sign. Table 142-12G provides the maximum height and vertical dimensions for roof signs.

(3) All projecting roof signs must be internally illuminated.

(e) Locational Regulations for All Roof Signs
(1) All roof signs shall be set back a minimum of 3 feet from the edge of all outside building walls on which the sign is located, unless the following circumstances exist:
   (A) The lower edge of the sign is at least 7 feet above the top of the building wall and the surface of the roof; and
   (B) The sign occupies 25 percent or less of the length of the building elevation above which the sign is located.
(2) Roof signs that are located on a premises with a boundary within 100 feet of a residentially zoned property shall not exceed 20 feet in height unless one of the following circumstances exist:
   (A) The sign is located more than 100 feet from the boundary of the residentially zoned property; or
(B) The entire premises is within 100 feet of the boundary of the residentially zone property, and the sign is located on the 25 percent of the premises that is farthest from that property;

(3) Roof signs may project over parkways provided that the following circumstances exist:

(A) The sign pertains to an establishment or activity that is within the building on which the sign is located;

(B) The portion of the sign projecting into the parkway does not exceed 33-1/3 percent of the total roof sign area;

(C) The sign does not exceed the permitted sign area for roof signs in Table 142-12F; and

(D) The sign does not exceed the maximum projection provision for projecting signs in Table 142-12E.

§142.1240 Ground Signs in Commercial and Industrial Zones

The following regulations apply to ground signs in all commercial and industrial zone sign categories, unless otherwise indicated.

(a) One ground sign is permitted for each premises with accessible street frontage, regardless of street frontage length. In Sign Category A only, the number of ground signs increases as the street frontage lengthens. Ground signs are permitted in lieu of roof and projecting signs.

(b) Signs shall not exceed a height of 3 feet within a visibility area. For determination of the visibility area see Chapter 11, Article 3, Division 2 (Rules for Calculation and Measurement).

1 The permitted sign area is for a single face. If a ground sign has two or more faces, the permitted sign area is doubled. Signs may have more than two faces, but the sign area shall not exceed twice that permitted above). See Section 142.1240(d)(3).

2 See Section 142.1240(d)(3).

3 See Section 142.1240(d)(2).

4 See Section 142.1240(e)(2).

5 The height of ground signs shall be measured from the grade at the centerline of the adjacent public right-of-way to the top of the sign or sign structure, whichever is higher. The height of any portion of the sign or structure shall not exceed the maximum permitted height as specified in this table.

6 Ground signs are not permitted on premises having less than 100 feet of street frontage.

(d) General Regulations for Ground Signs

(1) For premises that have more than one street frontage, each street frontage is considered separately for calculating the permitted ground sign area.

(2) Freeway-oriented signs are permitted, provided that the sign is one of the permitted ground signs and not an additional sign. No more than one freeway-oriented sign is permitted per premises.

(3) For premises in Sign Category A only, the following apply.

(A) Where more than one sign is located on the same street frontage, the display area of each sign shall be reduced to 50 percent of that permitted in Table 142-12H.

(B) For single occupancy premises, the establishment may combine the allowable sign area of two or more ground signs into one sign, provided that the sign area does not exceed one-half square foot per foot of street frontage along the same public right-of-way, or 200 square feet, whichever is less.
(C) Ground signs may project over the roof of a building provided that the following circumstances exist:

(i) There are no other ground signs, roof signs, or projecting signs on the premises;

(ii) The sign does not revolve;

(iii) The sign complies with the permitted sign area specified in Table 142-12F; and

(iv) The sign does not exceed the maximum permitted vertical dimensions for roof signs as specified in Table 142-12G.

(4) A ground sign is considered to be projecting when any portion of the sign penetrates a vertical plane connecting the outer eaves of a building or structure or the outer edges of the parapet wall.

(5) Ground signs may project over a parkway subject to the following regulations.

(A) The sign height shall not exceed 16 feet;

(B) The sign shall not exceed the projection permitted in Table 142-12E;

(C) The sign shall not exceed the permitted sign area specified in Table 142-12D; and

(D) If the sign projects above a traffic area, such as a driveway or parking lot aisle, the minimum clearance between the bottom of the sign and the ground shall be 8 feet. When the clearance is less than 16 feet, the sign shall be clearly labeled at the bottom of the sign with letters that are legible from a distance of 30 feet.

(6) Ground signs may be internally illuminated or externally illuminated.

(e) Locational Regulations for Ground Signs

(1) Ground signs may be installed only on the street frontage used for determining the ground sign allowable area.

(2) Ground signs that are located on a premises with a property line within 100 feet of a residentially zoned property shall not exceed 20 feet in height unless one of the following circumstances exists:

(A) The sign is located more than 100 feet from the boundary of the residentially zoned property; or
(B) The entire premises is within 100 feet of the boundary of the residentially zone property, and the sign is located on the 25 percent of the premises that is farthest from that property. The sign shall not exceed the maximum height permitted in Table 142-12H.

(3) All ground signs, except for freeway-oriented, shall only be placed along the street frontage of the premises used for determining the ground sign allowance. Freeway-oriented signs may be located on any portion of the premises except within the setbacks.

(4) Ground signs may be located in required front and street side yards subject to the following limitations.

(A) Signs located between 0 and 15 feet from the public right-of-way:
   - Maximum height: 3 feet
   - Permitted sign area: 33 percent of the maximum permitted area in Table 142-12H

(B) Signs located 15 feet and up to 25 feet from the public right-of-way:
   - Maximum height: 6 feet
   - Permitted sign area: 66 percent of the maximum permitted area in Table 142-12H

(C) When more than one ground sign is permitted on a premises, and if the signs are located in the front or street side yards, the permitted sign area shall be reduced in accordance with the limitations in Section 142.1240(e)(4)(A) and (B) and by an additional 50 percent as required by Section 142.1240(d)(3)(A).

(f) Revolving Ground Signs

(1) Ground signs are permitted to revolve in Sign Category “A” only.

(2) Single occupancy premises with two or more street frontages are allowed to have a revolving ground sign subject to the following regulations.

(A) No other ground, roof, or projecting signs are permitted on the premises;

(B) The sign area shall not exceed one-half of that permitted in Table 142-12H;
(C) The maximum speed of revolution shall not exceed 6 revolutions or cycles per minute; and

(D) The sign shall be installed at least 100 feet from the property line of a residentially zoned property.

(g) *Ground Sign* Pole Covers

Where *ground signs* are supported by poles, covers may be added onto those poles to improve the aesthetic quality of the *ground sign* in accordance with the following regulations.

(1) Pole covers shall not contain *signs* or *sign copy area*.

(2) The average combined width of all pole covers for an individual *ground sign* shall not exceed an average of 50 percent of the width of the largest *sign face*.

(3) Exception: For pole covers that are designed with vertical and horizontal faces that are a minimum of 50 percent transparent or open, the average combined width of all pole covers for an individual *ground sign* shall not exceed 75 percent of the width of the largest *sign face*.

(4) The maximum width of any element of any pole cover shall not exceed the width of the largest *sign face*.

(5) The maximum thickness of any pole cover shall not exceed the maximum thickness of the largest *sign face*.

(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)

(Amended 11-28-2005 by O-19444 N.S.; effective 2-9-2006.)

§142.1245 **Secondary Signs in Commercial and Industrial Zones**

The following regulations apply to secondary *signs* in all commercial and industrial zone *sign* categories, unless otherwise indicated.

(a) Secondary *signs* may be either permanent or temporary.

(b) The area for secondary *signs* is not included in the calculation for the allowable *sign area* for primary *signs* unless otherwise noted.

(b) High-Rise Building Identification Wall Signs

(1) In Sign Category A only, buildings in excess of 100 feet in height shall be permitted additional wall sign copy area for building identification purposes subject to the following regulations.

(A) The high-rise building identification wall sign shall be placed on a building at a minimum height of 100 feet, above the uppermost row of windows, and not within 5 feet of the top of a parapet wall.

(B) The high-rise building identification sign copy area shall not be included in the calculation of primary wall sign area.

(C) A premises containing a building with a high-rise wall sign shall not be entitled to a roof sign.

(D) High-rise wall sign area shall not be transferred from one building facade to any other building facade.

(E) High-rise wall signs shall not project more than 18 inches from a building wall, nor shall they be illuminated by self-supporting light fixtures that extend more than 18 inches over a parkway.

(F) The sign shall comply with area and setback requirements determined by reference to Table 142-12J.

(G) The sign shall be placed in its entirety within the Building Height Measurement Category in Table 142-12J. The height of the sign is measured from the average grade of the building immediately below the sign to the uppermost point of the sign copy area.
Table 142-12J provides the basis for calculating the high-rise building identification wall sign copy area and the minimum distance the sign must be set back from the building edge. The permitted sign copy area is based on the height of the building and the width of the building facade at the uppermost point of the sign copy area. The required setback is based on the height of the sign.

(c) Establishment identification wall signs, which identify the name or symbol of an establishment, the operation of an establishment, or the products or services available on the premises, shall not be included in the calculation of allowable primary sign area, provided that the following criteria are met:

1. The sign has non illuminated letters;
2. The sign lettering does not exceed 3 inches in average height; and
3. The sign area does not exceed 4 square feet.

(d) Incidental signs that pertain to goods, products, services, or facilities that are available on the premises where the sign is located are permitted subject to the following regulations:

1. Incidental signs may be located on ground signs or on a building wall.
2. Incidental signs may not be attached perpendicularly to a wall.
3. Incidental signs are limited to the following information:
(A) Trading stamps,
(B) Credit cards accepted,
(C) Notices of services or restrictions, and
(D) Trade affiliations or public interest messages.

(e) Directional signs, which are for the sole purpose of directing traffic or pedestrians, shall have at least 50 percent of the sign area used for providing direction and shall observe visibility area restrictions.

(f) Permanent window signs shall be permanently affixed to the exterior window.

(g) Public utility and safety signs that are required by law are exempt from this division.

(h) Theater lobby signs located on the walls of lobbies that are roofed and open on one side only shall not be calculated as permitted wall sign area, if any of the following circumstances exists:
   (1) The sign is perpendicular to the fronting public right-of-way on the open side of the lobby;
   (2) The open side of the lobby does not front a public right-of-way; or
   (3) The sign is located within the lobby and is not intended to be visible to passing vehicular traffic.

(i) Signs that are required by law to be visible from the public right-of-way are exempt from this division provided that the signs do not exceed the minimum dimensions required by law. Signs that exceed the minimum dimensions shall be subject to this division to the extent that the minimum dimensions are exceeded. Signs required by law other than public utility and safety signs that do not have specified minimum dimensions shall be subject to this division.

(j) Address numbers that exceed the applicable height and area requirements from Table 142-12I shall be calculated as permitted wall sign area.

(k) Directory signs, which list the names or uses in a building or on a premises, may be either primary wall signs or ground signs as permitted for the premises. Ground directory signs are subject to the minimum setbacks established by the applicable zones.

§142.1290 La Jolla Commercial and Industrial Sign Control District

(a) Purpose of the La Jolla Commercial and Industrial Sign Control District

It is the intent of this sign district to preserve and enhance the unique aesthetic and economic values of the commercially and industrially zoned portions of the community of La Jolla and to provide a systematic and comprehensive approach toward meeting the sign needs of the community. In fulfilling this purpose, it is intended that signs in this sign district will comply with the goals and recommendations of the La Jolla Community Plan.
(b) Application

The regulations of this sign district are applicable to all commercially and industrially zoned property within the boundaries of the La Jolla Community Plan as described on the appropriate map and appended boundary description on file in the office of the City Clerk and shall be equally applicable to any other property subsequently placed in a commercial or industrial zone if the property lies within the boundaries of the La Jolla Community Plan. This sign district shall not apply to any area within the boundaries of a planned district unless the provisions of the planned district so stipulate.

(c) Subdistricts and Boundary

The boundaries of this sign district and any subdistricts are set forth on Drawing No. C-643.1 and the appended boundary description on file in the office of the City Clerk.

(d) On-Premises Sign Regulations for Subdistrict A

(1) Wall Signs

(A) Area. The sign for each premises shall not exceed 1 square foot for each foot of street frontage or 25 square feet, whichever is larger, and each tenant shall be permitted a minimum of 8 square feet.

(B) Wall signs shall not extend more than 18 inches from the building facade. Wall signs shall not extend above the parapet or eave of the building to which the signs are attached.

(2) Identification Signs

(A) One single-faced or double-faced, freestanding sign located adjacent to each entrance or exit driveway to a parking lot is permitted. Such signs shall not exceed 12 square feet in area or a height of 12 feet measured from the base at ground level to the apex of the sign.

(B) One sign on the exterior wall at each side or rear entrance to a store, shop, or place of business is permitted provided that the sign does project above the parapet or eave of the building to which the sign is attached. No such sign shall be attached to the perimeter framing of the building or to the face of canopies or porch roofs. No such sign shall have an area exceeding 12 square feet.
(3) Freestanding Ground Signs

Where the face of the building sets back from the property line more than 20 feet, one single-faced or double-faced freestanding ground sign is permitted, in addition to those on the building, in accordance with the following.

(A) No part of the sign shall extend over public property or have a height exceeding 20 feet measured from the base at ground level to the apex of the sign. In the Coastal Overlay Zone, however, no part of the sign shall exceed 8 feet in height.

(B) The total area of the signs shall not exceed 0.5 square feet per foot of street frontage or 40 square feet, whichever is smaller.

(e) On-Premises Sign Regulations for Subdistrict B

(1) Freestanding Ground Signs

(A) Number permitted. One multi-faced ground sign for any premises having frontage on a public right-of-way.

(B) More than one frontage. Where a premises fronts on more than one public right-of-way or street, excluding alleys and service ways, Section 142.1290(e)(1)(D) shall apply to each frontage. Each frontage is to be considered separately for determination of ground sign allowances. (Street side yard does not count as frontage.)

(C) Height Limit. 20 feet measured vertically from the sign base at ground level to the apex of the sign. Coastal Overlay Zone Height Limit. 8 feet measured vertically from the sign base at ground level to the apex of the sign.

(D) Area. The maximum permitted area of a ground sign is 64 square feet or 0.75 square feet for each foot of street frontage per premises, whichever is less, for each face of a double-faced sign or for the sole face of a single-faced ground sign. If a sign has more than two faces, the total area may not exceed twice the area permitted for one face.

(E) Rotating signs are not permitted.

(F) Ground signs shall not project over roofs located on the premises or the public rights-of-way.
(G) Ground signs may only be utilized on premises where the building sets back at least 20 feet from the public right-of-way of the frontage street to which the ground sign is oriented.

(2) Wall Signs

(A) Area. Permitted area for wall signs shall be calculated in accordance with Table 142-12L.

(Calculation: Linear street frontage of premises times table factor for each category=permitted area in square feet for fascia or wall sign.)

This frontage factor is relative to the building facade on each premises which has separate and exclusive public entrance visible from a public right-of-way, excluding alleys and service ways. Each premises shall have a minimum area of 24 square feet, and each tenant shall be permitted a minimum of 8 square feet. (Street side yard does not count as frontage.)

(B) Wall signs shall not extend more than 18 inches from the building wall.

(C) Projecting Wall Signs

(i) Wall signs may not project above the roof line at the wall, or the top of the roof or roof line, whichever is applicable.
(ii) Wall signs may not project above the top of a parapet wall.

(3) Projecting Signs

(A) Any premises with frontage on a public right-of-way is permitted to have one projecting sign. The projecting sign may exist instead of, but not in addition to, a ground sign.

(B) Area. The maximum permitted area of a projecting sign shall not exceed 48 square feet or 0.5 square feet for each foot of street frontage, whichever is less, for each face of a double-faced sign. Projecting signs may have a maximum of two faces.

(C) Maximum projection over public right-of-way. A sign may not project perpendicularly beyond the property line more than 5 feet or two-thirds of the distance from the curb to property line, whichever is less. For allowable combinations of projection and height for projecting signs over public rights-of-way see Table 142-12M. If an establishment has a frontage less than 25 feet, a projecting sign on the establishment is limited to a projection of 4 feet beyond the property line.

(D) Height over roof or parapet. Projecting signs may not extend above the roof line at the wall or the top of a parapet wall.

(4) Identification Signs

(A) One single-faced or double-faced freestanding sign located adjacent to each entrance or exit driveway to a parking lot is permitted. Such signs shall not exceed 12 square feet in area or a height of 12 feet measured from the base at ground level to the apex of the sign, except that in the Coastal Overlay Zone, the height of the sign shall not exceed 8 feet.

(B) One sign on the exterior wall at each side or real entrance to a store, shop or place of business is permitted provided that no sign shall project above the parapet or eave of the building to which the sign is attached. No such sign shall be attached to the perimeter framing of the building or to the face of canopies or porch roofs. No such sign shall have an area exceeding 12 square feet.
§142.1291 Ocean Beach Sign Enhancement District

(a) Purpose of the Ocean Beach Sign Enhancement District

It is the purpose of the Ocean Beach Sign Enhancement District to maintain, preserve, and promote the distinctive commercial signage of the Ocean Beach area and to regulate identification of commercial enterprises within the Ocean Beach community’s Newport Avenue commercial core area. Signs in the commercial core area shall reflect the goals of the Ocean Beach Community Plan and Commercial Improvement Program. It is the intent of the Ocean Beach Sign Enhancement District to acknowledge and preserve design elements of the area’s initial major period of development during the decades of the 1920’s to 1940’s. Neon tubing and other design elements that reference this era are encouraged, if feasible, as elements in new or renovated signs. In addition to those types of signs currently permitted by the Sign Regulations, Category C, as set forth in Chapter 14, Article 2, Division 12, certain additional types of signs are specifically permitted and other additional types of signs are specifically prohibited in the Ocean Beach Sign Enhancement District, as set forth in this section.

(b) Boundaries

The boundaries of the Ocean Beach Sign Enhancement District are designated as those boundaries set forth for the Pedestrian Commercial Overlay Zone in Ocean Beach on that certain Map No.C-747; and that certain Map No. C-772, Maps “A” and “B”; and on file in the office of City Clerk under Document No. 769627 and Document No. 272788, respectively.
(c) Signs

The following types of signs are permitted in addition to those types of signs permitted by Chapter 14, Article 2, Division 12, Sign Regulations Category C. Permitted signs shall be maintained or erected in conformance with all applicable building regulations in Municipal Code Chapter 9, Article 1, and the regulations concerning total permitted sign area as determined by the applicable sections of the Sign Regulations. Those existing signs permitted by subsection (1) of this section are hereby exempted from the total permitted sign area regulations noted in subsections (2), (3) and (4) of this section and from the total permitted signage area regulations permitted by the Sign Regulations.

(1) Existing projecting signs that extend above the roof line are permitted, if installed before the adoption to the City-Wide Sign Ordinance on March 6, 1973. Retention of one such sign per 50 feet of street frontage is permitted, subject to all applicable regulations set forth in Chapter 14, Article 2, Division 12. No other projecting signs (those provided by subsections (2), (3), and (4) following) are permitted with the retention of an existing projecting sign extending above the roof line.

(2) Projecting signs not extending above the roof line and located between 9 feet above sidewalk to 15 feet above sidewalk, limited to one such projecting sign per 50 feet street frontage, and may not exceed a maximum of four square feet per sign face.

(3) Individual letter signs, free-standing on a ledge or canopy, located between 9 feet above sidewalk to 15 feet above sidewalk, and limited to eight square feet in area, and shall not exceed a maximum of 12 inches projected from the building wall.

(4) Three-dimensional iconographical signs, such as barber poles, limited to one such iconographical sign per 50 feet frontage and shall not exceed a maximum of 18 inches projected from the building wall and a maximum of four square feet in cross-section. The term “iconographical,” as used in this section, shall refer to incidental signs not containing text.

(d) Design Requirements

The use of backlighted or indirectly illuminated faces for those signs permitted by subsections (c)(2), (c)(3), and (c)(4) of this section and for all permanent freestanding signs, shall be prohibited, with the exception of those signs which incorporate one or both of the following elements in their design: exposed neon tubing; or backlighted opaque-facing.
(e) Abatement

All signs are subject to the abatement procedures as set forth in Chapter 12, Article 1, Division 5, (Sign Violations and Enforcement Procedures), except that those signs specifically prohibited in this district and typically allowed in the Sign Regulations, which are not in compliance with this section shall not be subject to abatement.

(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000; amended 6-19-2000 by O-18814 N.S.)
(Amended 3-1-2006 by O-19468 N.S.; effective 4-1-2006.)

§142.1292 Centre City Sign Control District

(a) Purpose and Intent

It is the intent of this sign district to preserve and promote the unique aesthetic and economic values of Centre City; to provide a systematic and comprehensive approach toward meeting the sign needs of the community; to promote efficient vehicular traffic movement; to promote traffic safety; and to facilitate implementation of the Comprehensive Downtown Parking Plan, as adopted by the City Council on December 2, 1997, and on file in the Office of the City Clerk as Document No. RR-289520.

(b) Definitions and Qualifying Criteria

All defined terms appear in italics in this division. For purposes of this division:

District means the Centre City Sign Control District.

Traffic Destination Point means a business area or tourist destination within the District for which the City Engineer has determined that vehicular trips to and from the destination are substantial in relation to the total traffic in the District and for which the City Engineer has determined that directional signage to the destination would be prudent in order to promote efficient and safe vehicular movement on the streets located in the District.

Parking Facility means a privately or publicly owned or operated off-street parking facility or group of facilities within the District for which the City Engineer has determined that directional signage to such parking facility will serve a substantial public interest by promoting efficient parking and implementation of the Comprehensive Downtown Parking Plan, as adopted by the City Council on December 2, 1997, and on file in the Office of the City Clerk as Document No. RR-289520.
(c) Applicability of Division

Certain types of signs are specifically permitted in the District, as set forth in this division. The signs permitted under this division are in addition to those types of signs currently permitted by the Centre City Planned District Ordinance, Marina Planned District Ordinance, and Gaslamp Quarter Planned District Ordinance.

(d) Boundaries of District

The boundaries of the District are coterminous with the Centre City Community Plan Boundary, as shown on Figure 1 of Chapter 10, Article 3, Division 19 of the San Diego Municipal Code.

(e) Types of Permitted Signs

Directional Signs are permitted on public property and in public rights-of-way for the purpose of directing vehicular traffic to the following location:

1. Public places that are owned, leased or operated by federal, state or local governments or their agencies.

2. Privately owned or operated scenic, cultural, scientific, educational, tourist-attraction facilities, or any combination of these facilities that qualify as Traffic Destination Points.

3. Privately owned or operated parking facilities open to the general public that qualify as Parking Facilities.

(f) Permitted Signs to Conform to Other Laws

Signs permitted under this division shall be maintained or erected in conformance with all applicable building regulations in Land Development Code Chapter 14, Article 5, and the applicable regulations concerning total permitted sign area.

(Added 9-14-1999 by O-18676 N.S.; effective 1-1-2000.)

[Editors Note: This section only applies outside of the Coastal Overlay Zone.]
§142.1293  Old Town San Diego Planned District Sign Regulations

The sign regulations in Chapter 15, Article 16 shall apply to all signs in the Old Town San Diego Planned District, as designated on Map Drawing No. C-993, excluding signs within Presidio Regional Park in the Presidio Sub-District. Signs within Presidio Regional Park in the Presidio Sub-District shall comply with the sign regulations in Chapter 14, Article 2, Division 12.
