Article 3: Supplemental Development Regulations

Division 7: Affordable Housing Regulations
(Added 12-9-1997 by O-18451 N.S.; effective 1-1-2000.)
(Retitled from “Affordable Housing Density Bonus Regulations” to “Affordable Housing Regulations” on 3-22-2018 by O-20916 N.S.; effective 4-21-2018.)

§143.0710 Purpose of Affordable Housing Regulations

The purpose of these regulations is to provide incentives for development that provides housing for very low income, low income, moderate income, or senior households, or transitional foster youth, disabled veterans, or homeless persons. Additionally, the purpose is to specify how compliance with California Government Code Section 65915 (State Density Bonus Law) will be implemented, as required by California Government Code Section 65915(a)(1). These regulations are intended to materially assist in providing adequate and affordable housing for all economic segments of the community and to provide a balance of housing opportunities throughout the City.

(Amended 7-28-2015 by O-20518 N.S.; effective 8-27-2015.)
(Retitled from “Purpose of Affordable Housing Density Bonus Regulations” to “Purpose of Affordable Housing Regulations” and amended 3-22-2018 by O-20916 N.S.; effective 4-21-2018.)
§143.0715 When Affordable Housing Density Bonus Regulations Apply

This Division applies to any development where current zoning allows for five or more dwelling units, not including density bonus units, in exchange for either of the following:

(a) A portion of the total dwelling units in the development being reserved for very low, low, or moderate income or senior households; or for transitional foster youth, disabled veterans, or homeless persons in accordance with this Division; or

(b) The donation of land, pursuant to the State Density Bonus Law.

(Added 12-9-1997 by O-18451 N.S.; amended 6-21-1999 by O-18654 N.S.; effective 1-1-2000.)

§143.0717 Required Replacement of Affordable Units

(a) An applicant is ineligible for a density bonus or any incentive under this Division if the property on which the development is proposed contains, or during the five years preceding the application, contained, rental dwelling units that have had the rent restricted by law or covenant to persons and families of low income or very low income, or have been occupied by persons and families of low income or very low income, unless the proposed development replaces the affordable dwelling units, and either:

(1) Provides affordable dwelling units at the percentages set forth in Section 143.0720(i) (inclusive of the replacement dwelling units), or

(2) Provides all of the dwelling units as affordable to low income or very low income households, excluding any manager’s unit(s).
(b) The number and type of required replacement dwelling units shall be determined as follows:

(1) For a development containing any occupied dwelling units, the development must contain at least the same number of replacement dwelling units, of equivalent size and bedrooms, and must be made affordable to and occupied by persons and families in the same or a lower income category as the occupied dwelling units. For unoccupied dwelling units in the development, the replacement dwelling units shall be made affordable to and occupied by persons and families in the same or lower income category as the last household in occupancy. If the income category of the last household is unknown, it is rebuttably presumed that the dwelling units were occupied by lower income renter households in the same proportion of lower income renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development’s Comprehensive Housing Affordability Strategy database, and replacement dwelling units shall be provided in that same percentage.

(2) If all of the dwelling units are vacant or have been demolished within the five years preceding the application, the development must contain at least the same number of replacement dwelling units, of equivalent size and bedrooms, as existed at the highpoint of those units in the five year period preceding the application, and must be made affordable to and occupied by persons and families in the same or a lower income category as those in occupancy at that same time. If the income categories are unknown for the highpoint, it is rebuttably presumed that the dwelling units were occupied by very low income and low income renter households in the same proportion of very low income and low income renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development’s Comprehensive Housing Affordability Strategy database, and replacement dwelling units shall be provided in that same percentage.

(3) All replacement dwelling unit calculations resulting in fractional units shall be rounded up to the next whole number.

(4) All rental replacement dwelling units shall be affordable for at least 55 years.
(5) All for-sale replacement dwelling units shall be subject to the provisions of Section 143.0720(d)(4)-(8).

(“Required Replacement of Affordable Units” added 7-28-2015 by O-20518 N.S.; effective 8-27-2015.)
(Amended 3-22-2018 by O-20916 N.S.; effective 4-21-2018.)

§143.0720 Density Bonus in Exchange for Affordable Housing Units

(a) A development shall be entitled to a density bonus and incentives as described in this Division, for any development for which a written agreement, and a deed of trust securing the agreement, is entered into by the applicant and the President and Chief Executive Officer of the San Diego Housing Commission.

(b) The density bonus dwelling units authorized by this Division shall be exempt from the Inclusionary Housing Regulations set forth in Chapter 14, Article 2, Division 13. Development providing at least 10 percent of the total pre-density bonus dwelling units as affordable to rental households at or below 65% area median income for not less than 55 years is exempt from the payment of Inclusionary Affordable Housing Fees. Notwithstanding Section 142.1303(f), development providing less than 10 percent of the pre-density bonus dwelling units as affordable to rental households at or below 65% area median income for not less than 55 years shall pay pro-rated Inclusionary Affordable Housing Fees as determined by the Housing Commission, so that the inclusionary requirement may be satisfied by a combination of providing affordable rental dwelling units and paying a pro-rated Inclusionary Affordable Housing Fee.

(c) A rental affordable housing density bonus agreement shall utilize the following qualifying criteria:

(1) Very low income - At least 5 percent of the pre-density bonus dwelling units in the development shall be affordable, including an allowance for utilities, to very low income households at a rent that does not exceed 30 percent of 50 percent of the area median income, as adjusted for household size; or

(2) Low income - At least 10 percent of the pre-density bonus dwelling units in the development shall be affordable, including an allowance for utilities, to low income households at a rent that does not exceed 30 percent of 60 percent of the area median income, as adjusted for household size.
(3) The very low and low income dwelling units shall be designated units, be comparable in bedroom mix and amenities to the market-rate dwelling units in the development and be dispersed throughout the development.

(4) The very low and low income dwelling units shall remain available and affordable for a period of at least 55 years, as may be required by other laws or covenants.

(d) A for-sale affordable housing density bonus agreement shall utilize the following qualifying criteria:

(1) Very low income - At least 5 percent of the pre-density bonus dwelling units in the development shall be affordable, including an allowance for utilities, to very low income households at a rent that does not exceed 30 percent of 50 percent of the area median income, as adjusted for household size.

(2) Low income - At least 10 percent of the pre-density bonus dwelling units in the development shall be affordable, including an allowance for utilities, to low income households at a rent that does not exceed 30 percent of 60 percent of the area median income, as adjusted for household size.

(3) Moderate income - At least 10 percent of the total dwelling units in a common interest development, as defined in California Civil Code Section 4100, shall be affordable, provided that all dwelling units in the development are offered to the public for purchase.

(4) The initial occupant of all for-sale affordable dwelling units shall be a very low income, low income, or moderate income household.

(5) Prior to, or concurrent with, the sale of each density bonus affordable dwelling unit, the applicant shall require the buyer to execute and deliver a promissory note in favor of the San Diego Housing Commission so that the repayment of any initial subsidy is ensured.

(6) Each for-sale dwelling unit shall be occupied by the initial owner at all times until the resale of the dwelling unit.

(7) Upon the first resale of a dwelling unit, the seller shall comply with all conditions regarding the sale of a dwelling unit, as applied by the San Diego Housing Commission, and as set forth in California Government Code Section 65915(c)(2).
(8) The affordable *dwelling units* shall be designated, comparable in bedroom mix and amenities to the market-rate *dwelling units* in the development, and dispersed throughout the development.

(e) A *density* bonus agreement for housing for senior citizens shall utilize the following qualifying criteria:

(1) The *development* consists of housing for senior citizens or qualifying residents as defined under California Civil Code Section 51.3 and 51.12, where at least 35 *dwelling units* are provided; or a *mobilehome* park that limits residency based on age requirements for housing for older persons pursuant to California Civil Code Section 798.76 or 799.5.

(2) Rental *dwelling units* shall remain available for a period of 55 years or longer as may be required by other laws or covenants.

(f) A *density* bonus agreement for transitional foster youth, as defined in Section 66025 of the California Education Code, disabled veterans as defined in Section 18541 of the California Government Code, or homeless persons as defined in the California McKinley-Vento Homeless Assistance Act shall utilize the following qualifying criteria:

(1) At least 10 percent of the pre-*density* bonus *dwelling units* in the *development* shall be affordable, including an allowance for utilities, to transitional foster youth, disabled veterans, or homeless persons at a rent that does not exceed 30 percent of 50 percent of the area median income, as adjusted for household size.

(2) Rental *dwelling units* shall remain available for a period of 55 years or longer, as may be required by other laws or covenants.

(g) The *density* bonus *dwelling units* shall have recorded against them a Declaration of Covenants, Conditions and Restrictions in favor of the San Diego Housing Commission that shall enjoy first lien position and shall be secured by a deed of trust that may be recorded against the project or unit, as applicable, prior to construction or permanent financing.
(h) A condominium conversion that provides at least 33 percent of the total dwelling units to low income and moderate income households, or 15 percent of the total dwelling units to low income households, shall be entitled to a density bonus of 25 percent or other incentives of equivalent financial value in accordance with State Density Bonus Law and this Division, unless the development previously received a density bonus or other incentives.

(i) A development proposal requesting an affordable housing density bonus is subject to the following:

1. For development meeting the criteria for senior citizen housing in Section 143.0720(e), the density bonus shall be 20 percent. For a senior citizen housing development that includes senior citizen housing for very low income and low income households, a density bonus shall be calculated as set forth in Tables 143-07A and 143-07B respectively.

2. For development meeting the criteria for very low income households in Section 143.0720(c)(1), the density bonus shall be calculated as set forth in Table 143-07A. The increased density shall be in addition to any other increase in density allowed in this Division, up to a maximum combined density increase of 50 percent. For development meeting the same criteria within the Centre City Planned District, the bonus shall apply to the maximum allowable floor area ratio applicable to the development consistent with Section 156.0309(e).

3. For development meeting the criteria for low income households in Section 143.0720(c)(2), the density bonus shall be calculated as set forth in Table 143-07B. The increased density shall be in addition to any other increase in density allowed in this Division, up to a maximum combined density increase of 50 percent. For development meeting the same criteria within the Centre City Planned District, the bonus shall apply to the maximum allowable floor area ratio applicable to the development consistent with Section 156.0309(e).

4. For development meeting the criteria for moderate income households in Section 143.0720(d), the density bonus shall be calculated as set forth in Table 143-07C. The increased density shall be in addition to any other increase in density allowed in this Division, up to a maximum combined density increase of 50 percent. For development meeting the same criteria within the Centre City Planned District, the bonus shall apply to the maximum allowable floor area ratio applicable to the development consistent with Section 156.0309(e).
(5) For development meeting the criteria for transitional foster youth, disabled veterans, or homeless persons in Section 143.0720(f), the density bonus shall be 20 percent of the total pre-density bonus dwelling units. A density bonus for transitional foster youth, disabled veterans, or homeless persons for very low income shall be calculated as set forth in Table 143-07A. For development meeting the same criteria within the Centre City Planned District, the bonus shall apply to the maximum allowable floor area ratio applicable to the development consistent with Section 156.0309(e).

(6) For development meeting the criteria in Sections 143.0720(c)(1), 143.0720(c)(2), 143.0720(d)(2), or 143.0720(f), where an applicant has not requested an incentive or waiver to exceed the maximum structure height or setbacks of the base zone, an additional density bonus of 10 percent of the pre-density bonus dwelling units shall be granted, provided that development of the additional density does not cause the need for an incentive, waiver, or deviation to exceed the maximum structure height or setbacks of the base zone. For development meeting the same criteria within the Centre City Planned District, the density bonus shall apply to the maximum allowable floor area ratio applicable to the development consistent with Section 156.0309(e).

(7) For development that provides five or more dwelling units; meets the criteria in Sections 143.0720(c)(1), 143.0720(c)(2), 143.0720(d)(2), or 143.0720(f); provides an average of no more than 600 square feet per dwelling unit with no dwelling unit exceeding 800 square feet; with a portion of the lot located within a Transit Priority Area; where an applicant has not requested an incentive or waiver to exceed the maximum structure height or setbacks of the base zone; and where the premises can be serviced by all required utilities, a density bonus of up to 100 percent of the pre-density bonus dwelling units shall be granted, provided that development of the additional density does not cause the need for an incentive, waiver, or deviation to exceed the maximum structure height or setbacks of the base zone.

(8) If the premises is located in two or more zones, the number of dwelling units permitted in the development is the sum of the dwelling units permitted in each of the zones. Within the development, the permitted number of dwelling units may be distributed without regard to the zone boundaries.
(9) Where the development consists of two or more specifically identified parcels, whether contiguous or noncontiguous, the maximum number of dwelling units permitted on each parcel is calculated based on the area of that parcel.

(10) Where the development consists of two or more noncontiguous parcels lying within two or more community planning areas, the dwelling units reserved at levels affordable to very low, low, or moderate income households shall be distributed among these community planning areas in the same proportion as the total number of dwelling units constructed within the development.

(11) For development in mixed-use zones, the maximum density identified in the adopted community plan land use map shall be used to calculate the density bonus as set forth in Table 143-07A or Table 143-07B. The allowed density bonus dwelling units shall not be counted towards the maximum allowed floor area ratio of the mixed-use zone or the percentage of the required primary use or secondary use, as that term is defined in Section 131.0702.

(j) For purposes of this Division, density bonus means an increase in density in accordance with Section 113.0222(c) beyond the otherwise maximum allowable density; or, if elected by the applicant, a lesser percentage of density or no increase in density.

§143.0740 Incentives in Exchange for Affordable Housing Dwelling Units

An applicant proposing density bonus shall be entitled to incentives as described in this Division for any development for which a written agreement and a deed of trust securing the agreement is entered into by the applicant and the President and Chief Executive Officer of the San Diego Housing Commission. The City shall process an incentive requested by an applicant as set forth in this Section.

(a) An incentive means any of the following:

(1) A deviation to a development regulation;

(2) Approval of mixed use zoning in conjunction with a residential development provided that the commercial, office, or industrial uses:

(A) Reduce the cost of the residential development; and
(B) Are compatible with the proposed residential development, and

(C) Are compatible with existing or planned development in the area where the proposed residential development will be located.

(3) Any other incentive proposed by the applicant, other than those identified in Section 143.0740(b), that results in identifiable, actual cost reductions.

(b) Items not considered incentives by the City of San Diego include, but are not limited to the following:

(1) A waiver of a required permit;

(2) A waiver of fees or dedication requirements;

(3) A direct financial incentive;

(c) An incentive requested as part of a development meeting the requirements of Section 143.0720 shall be processed according to the following:

(1) Upon an applicant's request, development that meets the applicable requirements of Section 143.0720 shall be entitled to incentives pursuant to Section 143.0740 unless the City makes a written finding of denial based upon substantial evidence, of any of the following:

(A) The incentive is not required in order to provide for affordable housing costs, as defined in California Health and Safety Code Sections 50052.5 and 50053;

(B) The incentive would have a specific adverse impact upon public health and safety as defined in Government Code section 65589.5, the physical environment, including environmentally sensitive lands, or on any real property that is listed in the California Register of Historical Resources and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the development unaffordable to low income and moderate income households;
(C) The incentive would be contrary to state or federal law. Requested incentives shall be analyzed in compliance with the California Environmental Quality Act as set forth in Chapter 12, Article 8, and no incentive shall be granted without such compliance; or

(D) Within the Coastal Overlay Zone, the incentive would be inconsistent with the resource protection standards of the City’s Local Coastal Program or the environmentally sensitive lands regulations, with the exception of density.

(2) The granting of an incentive shall not require a General Plan amendment, zoning change, a development permit, or other discretionary approval.

(3) When a development permit is otherwise required, the decision to deny a requested incentive shall be made by the decision maker for the development permit.

(d) The number of incentives available are identified in Table 143-07A for very low income households, Table 143-07B for low income households, and Table 143-07C for moderate income households consistent with the percentage of pre-density bonus units identified in the first column of each table.

§143.0741 Density Bonus and Incentives in Exchange for Child Care

*Development* that meets the criteria in Section 143.0720 and includes a child care center as defined in Section 141.0606(a)(2) as part of, or adjacent to, such development shall be entitled to an additional *density* bonus or incentive provided that:

(a) The child care center remains in operation for the greater of 30 years or the period of time established by Section 143.0720(c)(4);

(b) The percentage of children from low, very low, or moderate income households attending the child care center is equal to or greater than the percentage of those same households required in the residential *development*;

(c) The additional *density* bonus or incentive requested is either:

(1) An additional *density* bonus in an amount equal to the amount of square feet in the child care center up to a maximum combined *density* increase of 35 percent; or

[Editors Note. Amendments as adopted by O-19689 N. S. will not apply within the Coastal Overlay Zone until the California Coastal Commission unconditionally certifies it as a Local Coastal Program Amendment. The 2008 Ordinance O-19689 was withdrawn from the California Coastal Commission and Ordinance O-20518 was then submitted and subsequently certified by the Coastal Commission on May 11, 2016.]
(2) An additional incentive that contributes significantly to the economic feasibility of the construction of the child care center.

(d) The City finds, based upon substantial evidence, that the community is inadequately served by child care centers.

§143.0742 Incentives for Commercial Development

An applicant for a commercial development that has entered into an agreement with an applicant for a residential development that provides at least 15 percent of the dwelling units as affordable to very low income households or at least 30 percent of the dwelling units as affordable to low income households in accordance with Section 143.0720 shall be entitled to a development bonus in accordance with Government Code Section 65915.7(b) provided that:

(a) The agreement shall be approved by the City Manager and identify how the applicant for the commercial development will contribute to affordable housing in one of the following ways:

(1) Directly constructing the affordable dwelling units;

(2) Donating a portion of the commercial site or another site that meets the criteria in Section 143.0742(b) for development of the affordable dwelling units; or

(3) Financially contributing to the development of the affordable dwelling units.

(b) The residential development shall be located within the City of San Diego, in close proximity to public amenities, and within a Transit Priority Area.

(“Incentives for Commercial Development” added 3-22-2018 by O-20916 N.S.; effective 4-21-2018.)
§143.0743 Waivers in Exchange for Affordable Housing Units

An applicant proposing density bonus shall be entitled to a waiver as described in this Division for any residential development for which a written agreement and a deed of trust securing the agreement is entered into by the applicant and the President and Chief Executive Officer of the San Diego Housing Commission.

(a) A waiver means a request by an applicant to waive or reduce a development standard that physically precludes construction of development meeting the criteria of Sections 143.0720(c), 143.0720(d), 143.0720(e), 143.0720(f), or 143.0720(h).

(b) Upon an applicant’s request, development that meets the applicable requirements of Section 143.0720 shall be entitled to waivers unless the City makes a written finding of denial based upon substantial evidence, of any of the following:

(1) The waiver would have a significant, quantifiable, direct, and unavoidable impact upon health, safety, or the physical environment for which there is no feasible method to mitigate or avoid the impact;

(2) The waiver would have an adverse impact on any real property that is listed in the California Register of Historical Resources; or

(3) The waiver would be contrary to state or federal law. Requested waiver(s) shall be analyzed in compliance with the California Environmental Quality Act as set forth in Chapter 12, Article 8, and no waiver shall be granted without such compliance.

(4) Within the Coastal Overlay Zone, the waiver would be inconsistent with the resource protection standards of the City’s Local Coastal Program or the environmentally sensitive lands regulations, with the exception of density.

(c) The granting of a waiver shall not require a General Plan amendment, zoning change, development permit, or other discretionary approval.

(d) When a development permit is otherwise required, the decision to deny a requested waiver shall be made by the decision maker for the development permit.

(e) There is no limit on the number of waivers an applicant may request.

§143.0744 Parking Ratios for Affordable Housing

Upon the request of an applicant for a development meeting the criteria in Sections 143.0720(c), 143.0720(d), 143.0720(e), 143.0720(f), or 143.0720(h), the City shall apply the following regulations:

(a) For a development that meets the criteria for moderate income households in Section 143.0720(d)(3), the vehicular parking ratios set forth below shall apply, inclusive of disabled and guest parking:

(1) Zero to one bedroom: one onsite parking space.
(2) Two to three bedrooms: two onsite parking spaces.
(3) Four and more bedrooms: two and one-half parking spaces.
(4) Additional reductions of 0.25 spaces per dwelling unit shall be granted for development that is at least partially within a transit area as described in Chapter 13, Article 2, Division 10 (Transit Area Overlay Zone), or that is subject to Chapter 13, Article 2, Division 11 (Urban Village Overlay Zone).

(b) For a development that meets the criteria for very low and low income rental dwelling units in Section 143.0720(c) or senior housing in Section 143.0720(e), the vehicular parking ratios in Table 143-07D, as may be applicable, or those set forth in Section 142.0527(a)(3), inclusive of disabled and guest parking, whichever is lower, shall apply.

(c) For purposes of this Division, a development may provide onsite parking through tandem parking or uncovered parking, but not through on-street parking or parking within a required front yard setback.

(d) Parking reductions for a development providing rental and for-sale affordable housing for very low income and low income households in accordance with Sections 143.0720(c) and 143.0720(d), rental housing for senior citizens in accordance with Section 143.0720(e), or housing for transitional foster youth, disabled veterans, or homeless persons in accordance with Section 143.0720(f), that meet transit proximity requirements are set forth in Table 143-07D.

§143.0745 Locating Required Affordable Dwelling Units Off-site

A development that complies with the Affordable Housing Regulations may provide all or a portion of the required affordable dwelling units off-site in accordance with the following:

(a) Off-site affordable dwelling units shall be located in the same community planning area and City Council District, or within one mile of the premises of the development. The distance shall be measured in a straight line from the property lines of the proposed housing developments.

(b) Off-site affordable dwelling units that do not meet the locational criteria in Section 143.0745(a) may be approved with a Process Four Planned Development Permit in accordance with Section 126.0604.

(c) At a minimum, the same number of affordable dwelling units required of the development must be provided, at the same affordability levels and the same total bedroom count as the development. The applicant may provide different bedroom mixes to meet the total dwelling unit and bedroom count minimums.

(d) The applicant, prior to the issuance of the first building permit for the development, shall secure the required number of off-site affordable dwelling units and enter into an agreement(s) with the President and Chief Executive Officer of the San Diego Housing Commission establishing the same terms and conditions set forth in Section 143.0720 for similar affordable density bonus dwelling units.

(e) Off-site affordable dwelling units may be located in an existing structure(s), provided the applicant provides evidence that the existing structure has a remaining useful life of at least 55 years from the issuance of a Certificate of Occupancy pursuant to Section 143.0745(f)(2)(B) and complies with current Building Code standards, to the satisfaction of the City Manager. Off-site affordable dwelling units that are occupied at the time the application is deemed complete shall comply with the State Relocation Act pursuant to Government Code Section 7260.

(f) Prior to the issuance of the first building permit, the applicant shall record a deed restriction against the off-site development that:

(1) Documents the required number of affordable dwelling units to be provided; and
(2) Assigns foreclosure rights of the development premises to the San Diego Housing Commission as follows:

(A) For new development, if the affordable dwelling unit(s) has not received a certificate of occupancy within 54 months of the issuance of the first building permit.

(B) For an existing structure(s), if the affordable dwelling unit(s) has not received a certificate of occupancy within 36 months of the issuance of the first building permit.
